Citizens Agree To Continue

Advisory Committee Backs Mrs. Hofheins On Board Policy; To Attend Meetings

A meeting of the Citizens Advisory Committee officers, chairman and their committee members voted to continue with their policy of attending school board meetings by a near-unanimous vote last night at Smith-Cotton's Little Theater. Royal Cowger, union representative, cast the only dissenting vote of the 25 members present.

The main order of business was the explanation by several committee members to the group, their version of what had transpired at recent meetings of the Board of Education which led up to the dispute at the last meeting over the status of the citizens group.

Mrs. Leonard Hall, Mrs. Lacey Bell, Mrs. W. J. Ramsey, Mrs. Everett Stumpf, George Lockett and Oscar Lawson took turns relating the events of the meetings they had attended and these developments were discussed by the group.

Mrs. Charles Hofheins, Citizens president and a central figure in the controversy, presided over the meeting but withdrew from the discussion.

Mrs. Belt emphasized, in her discussion, the education she had received by attending the meetings in increasing her understanding of the board's work.

The following motions were passed by vote of those attending:

1. To give Mrs. Hofheins their full support. She had called the meeting to find out whether or not she had the group's backing.

2. To continue the Citizens Advisory Committee on a permanent basis.

3. To continue to attend meetings of the Sedalia Board of Education as interested citizens and offer the assistance of the citizens at any time it is requested.

At this point Mrs. Hofheins offered to withdraw as an onlooker at the meetings, but upon the recommendation of Jack Cunningham and others, she agreed to attend if she was assured of others to attend with her. It was then agreed that responsibility for getting citizens to attend in a group would pass among those present after each meeting.

4. To recommend the entire committee discuss opening its membership to all interested citizens instead of limiting it to elected delegates from Sedalia civic organizations as it is now. It was commented that this was a good way to organize but now membership should be extended on a more general basis.

5. To inquire of other citizens groups, local, state and national, to find out the general layout of their program, the cooperation they are receiving and the attitude of the community and the organizations they work with towards them.

No meeting has been called at this time for the future pending receiving information on other citizens advisory groups.

Mt. Etna Erupts, No Danger Reported

CATANIA, Sicily. — Mt. Etna burst into volcanic activity again today and began spilling hot lava down its barren side.

Experts who keep close watch on the old volcano, Europe's highest, said there was no danger for the time being to settlements far down the side.

A thin flow of molten lava spilled out of the crater 9,000 feet up the northeast face of the 10,000-foot peak. By noon it had flowed down 2,500 feet.

Etna began acting up 19 days ago.

A Big Difference

We have received many calls this spring and summer from people telling us of giant-sized potatoes, tomatoes, dahlias, sunflowers and early corn, and everybody knows the wheat harvest was a good one — a far cry from last year's complaints of dried up gardens and fields.

Partly cloudy with little change in temperature through Wednesday with widely scattered afternoon and evening showers. Low tonight near 70. High Wednesday 85 - 90.

The temperature at 7 a.m. was 67, it was 90 degrees at 2 p.m.

The temperature one year ago today, high 108, low 82; two years ago, high 99, low 72; and three years ago, high 93, low 73.

Stage at Lake of the Ozarks \$8.1 steady.

MISSOURI'S FIRST TURBINE WELL PUMP for irrigation projects was put into use in the fruit orchard of Howard Hall, in his orchard east of Smithton Tuesday. With a total weight of 5,500 pounds of equipment in the rig, it is capable of pumping 300 to 400 gallons of water a minute from the new 700-foot well. In the upper picture we see Hall and Charles Robb working on the head of the new pump. The actual turbine part of the pump was installed 200 feet down the well shaft. In the lower picture we find happy smiles as the first gush of water comes from the new well at 11:15 a. m. The irrigation sprays will be able to put the equivalent of well over two inches of rain on the orchard in one day. (Staff Photos)

First Turbine Pump Used— Smithton Man Irrigates With New Watering Plan

Missouri's first turbine-type well pump for use on an irrigation project was initiated Tuesday morning in the apple orchard of Howard Hall, one mile east of Smithton on Highway 50.

This pump, which utilizes an 11-bowl turbine will be used to pump well water for use in irrigating a 30-acre apple orchard and a ten-acre alfalfa field. The problem of ample rain has been eliminated for Hall through his utilization of this project.

With the pump capable of pulling 300-400 gallons of water per

minute, Hall hopes the well will be able to provide at least 200 gallons per minute. When the well "came in" at 11:15 Wednesday morning it looked like there would be a flood in a matter of seconds, and his hopes became stronger.

The irrigation lines combine the use of one main line, with two lateral lines for accommodation of the spraying heads. The tubes are all made of aluminum and are portable. With the main line connecting to the pump, it will connect to the two lateral lines. This makes it possible to spray half the orchard at once. When one-half has been sprayed, Hall merely has to take up the portable tubing and transfer it to the other half of the field. Each spraying head puts out four-tenths inches of water per hour, thereby enabling the orchard to get well over an inch of water per day.

The nozzles on the spraying apparatus are capable of spraying a stream of water around a 70-foot circle. With these nozzles spaced 30 feet apart on the lateral lines, ample irrigation is insured.

The turbine pump itself is submerged 200 feet down inside the 700 feet deep well. Five - inch column pipe is used in the well.

The scene at the drilling project was one of optimism, pessimism and finger - crossing Wednesday morning.

The turbine already having been installed in the well, all that was left was the installation of the head to the pump, the rigging of the motor, removal of the drilling rig, and laying of the irrigation lines.

Hall, along with Charles Robb, of the Robb and Riggs Well Drilling Co. in Sedalia, worked around the well itself, putting on the final touches and removing the rig. Mr. Evans, of the Evans Orchard Supply, (Please turn to page 4, Col. 5)

Route F: Begins on Highway 65, about five miles south of Sedalia, and extends westerly about two miles.

Route KK: Begins on Route C, about 3 1/2 miles southeast of Bahner, and extends northeasterly about 2.4 miles to the Morgan county line.

Route NN: Begins at a connection with Route N, Johnson county, at Dunksburg, on the county line, and extends east about a mile and a quarter, north about a mile and east to Route K, for a total length of about 4.3 miles.

Route O: Begins on Highway 50, about four miles east of Sedalia, and extends north about two miles, west about a half mile, then northerly to Beaman, for a total length of about 5 1/2 miles.

Route PP: Begins on Route C, about 2 1/2 miles southeast of Bahner, and extends southerly about 1.3 miles to join Route Y now being taken over in Benton County.

The Commission previously has taken over 13 other existing local roads in the county totaling about 61.1 miles in length. Up to now two of those totaling 6.4 miles in length have been given permanent status in the state highway system. One was returned to county jurisdiction when it became evident right of ways necessary for its de-

University Professor Dies of Heart Disease

COLUMBIA — Charles A. Helm, 66, professor of field crops at the University of Missouri for 39 years and departmental chairman since July 1, died unexpectedly of heart disease here last night.

Surviving are his widow, a daughter, Mrs. Robert Souther of Fulton; two brothers, Eudorus Helm of Saskatchewan, Canada, and Willard Helm, Bradus, Mont., and three sisters, Mrs. H. H. Gray, Bradus, Mont., Mrs. Myrtle Williams, Cincinnati, O., and Mrs. Charles Willhite, Columbia.

Prof. Helm was born at Sheldon, Mo., and was on the University of Nebraska faculty for three years before returning to his alma mater.

Takes Low Bid On Parking Lot, Square

Will Replace Brick Sidewalk, Install Curb and Gutter

By D. Kelly Scruton

The City Council accepted bids and approved the low bidder for the replacing of the old brick sidewalks at the city parking lot on East Fourth and the city market square on West Second with concrete and curb.

A letter to Mayor Bagby was also read, in which the Civil Aeronautics Association informed him that a field investigation of the Sedalia Memorial Airport is to be made.

Three ordinances were given final passage in reference to the construction of curb and gutters.

The Council also approved the Dicks Plat on the north side of 24th between Montevue and Kentucky.

During the meeting two recommendations of the Sedalia Zoning Board were read and the Council unanimously voted to accept the recommendations and place them on file.

Final passage was given to the following ordinances: accepting the improvements, materials and work done on Sewer District No. 103 by V. A. Siegel and Sons Construction Co.; accepting the improvements, materials and work done by the J. W. Atkinson Construction Co.

on curb and guttering on Warren between 14th and 18th; providing for the construction of a sewer and asking bids for District 115; approving curb and guttering for the following locations, Crescent Drive to Arlington on East Ninth, East 14th between Lafayette and Thompson, West Tenth from Carr to the State Fair Blvd., West 18th Warren to Limit, the following street repairs on 18th from Warren to Limit to pave with a rock base, prime and sealcoat, the prime and seal coat Ohio from Broadway to the Missouri-Kansas-Texas railroad tracks, and prime and sealcoat Main from Washington to Prospect.

Bids on the new sidewalk and curb for the city market square and the parking lot were opened. Cramer and Schrader bid \$572.40 on the West Second project and \$354 on the East Fourth project while M. C. Flippin bid \$587.90 on the first and \$365 on the second. The firm of Cramer and Schrader was awarded the contract.

The Council voted to recommend to the Bothwell Hospital board to take up an option on three lots at 13th and Thompson. It is understood the hospital would use the lots for parking area for hospital visitors and employees.

A petition from Herman E. Bloess, Jr., to contract privately for 126 feet of curb and guttering at property he and David Routsong own at Third and Beacon and also to contract privately to pave Beacon south along the property when Fourth is paved. The Council granted the right to contract privately the curb and guttering but (Please turn to page 4, Col. 6)

CAA to Look Into Problems At Airport

Airport Committee Contacted by CAA On Investigation

The Civil Aeronautics Administration will conduct a field investigation of Sedalia's Memorial Airport within the next few days, according to Mayor Julian H. Bagby who had a letter read to the city Council Monday night, and in a statement made as to a letter from the CAA office at Kansas City.

Much to do over the local airport has been brought up regarding the use of the field for transportation, visiting planes and local planes. It has been discussed by local air enthusiasts that the field is not practical and up to the present time no airline has been induced to add Sedalia to its schedule.

Recently D. Kelly Scruton, chairman of the airport committee for the city, was in Washington and conferred with Merle W. Hemphill, Acting Director Office of Airports, in reference to the Sedalia field. After considerable discussion, the following letter was written to Mayor Bagby.

"On June 27, Mr. D. Kelly Scruton, chairman of the Sedalia, Missouri, Airport Committee, visited this office and discussed the problems at the Sedalia Municipal Airport.

"Mr. Scruton stated that full utilization of the runway constructed at the Sedalia Municipal Airport under the federal-aid Airport Program could not be obtained because the runway was not constructed in the direction of the prevailing wind. Mr. Scruton further stated that many local planes were based at other fields and that itinerant fliers would not land at the Sedalia Municipal Airport because of this cross wind condition. Mr. Scruton requested the assistance of the Civil Aeronautics Administration in correcting this condition and in providing the city of Sedalia with an airport which could be used to meet their aeronautical requirements.

"After consideration of the problem as presented, it was decided that a review of actual conditions and an examination of the site would be necessary before the CAA could arrive at any decision as to necessary corrective action. "Inasmuch as our District Airport Engineer, Mr. Ben F. King, (Please turn to page 4, Col. 5)

The Chamber of Commerce will mail out tickets on Wednesday to members of good standing for the 4-H Club — Business and Civic leaders Picnic which will be held at Liberty Park at 6:30 p.m., Tuesday, July 26. These tickets must be pinned on in order to be served at the picnic.

"This annual affair has been an outstanding event the past several summers and Chamber of Commerce members once attending look forward to the picnic each year. The picnic is given in appreciation for courtesies during the year shown the 4-H members by Sedalia firms. It is made possible through the cooperation of the 4-H Club Council and the Chamber Agricultural committee.

A short program will precede the picnic and following will be square dancing. An additional attraction will be the exhibits of the 4-H winners in the Achievement Day Exhibit which is being held Tuesday, Wednesday and Thursday of this week.

Members receiving tickets are requested to have with them for the picnic their tickets, and table service which will include knife, fork, spoon, plate and cup or glass.

Contract provisions applying to masters and pilots were discussed last night. Talks scheduled to day concerned the mates and engineers. The negotiations are under auspices of the Federal Conciliation Service.

Clifton City Outfit Given Credit for Halting Big Fire

A small Maytag motor with a plunger type pump belonging to Harry Hazlett, at Clifton City, was credited with playing a big part in saving the U.S. Post Office, General Store and service station of Mr. and Mrs. Clem J. Reuter, Monday night. However, the four room home of Mr. and Mrs. Reuter and two children was destroyed by fire of undetermined origin and at a loss estimated at about \$10,000.

"My husband," Mrs. Reuter said, "was awakened by a severe coughing spell caused by the smoke from the fire. He awakened me and we saw the flames in the front room.

I got out of bed, grabbed some clothing and rushed to the children's bedroom and took them out the back door.

"My husband in the meantime got up and went out to see where the fire was and if he could do anything. In a matter of a few minutes the whole place was a mass of flames. After getting out the back door I took the children around in front and Darlene was there and I called to her to take them to a neighbor's house.

"The house just seemed to cave in all at once after we got out," Mrs. Reuter said.

Darlene Mabry, 16, daughter of Rev. and Mrs. S. K. Mabry, 2203 West Third, said she was visiting at the home of Mr. and Mrs. Sherman Todd. She said she was in the front part of the house when she heard someone screaming and then saw the fire. "I ran out and across the street, and got the two children from in front of the house and took them to a neighbor. It seemed as if I no sooner got the children, Ghery Dee, 11, and Sandra, seven, from the yard than the whole house fell in," Darlene reported.

Flames from the burning home just east of the store and Post Office threatened to spread into action. The well was inside the store and the hose on the pump would not reach down far enough to get water so a bucket brigade was formed.

A wash tub was placed outside the building, and the volunteers began to bucket the water to the wash tub. The pump took the water from the tub and created a forceable stream of water which was sent spraying over the side of the building next to the fire. As a result the fire was kept from spreading.

In the meantime volunteers didn't take any chances and within a matter of seconds the whole interior of the Post Office had been moved to a safe distance, then the inside of the store portion of the building was practically stripped of its equipment and merchandise.

When the fire was well under control the volunteers began moving everything back. The Post Office was set up and ready for business within a matter of minutes. A double size soda pop cooler which had been carried out by (Please turn to page 4, Column 3)

He Assures Bulganin US Wants No War

Bases His Appeal To Zhukov on Old Friendship, Trust In Word of Honor

GENEVA — President Eisenhower appealed directly to Soviet Defense Minister Georgi Zhukov today to accept the idea of the North Atlantic Treaty Organization (NATO) and to help speed the unification of Germany.

An informed source said the President, at today's Big Four summit meeting, also assured Soviet Premier Nikolai Bulganin that the United States never will be a party to an aggressive war—that it would fight only if attacked.

This word of the closed session came at end of today's meeting of the heads of government.

The President told the other leaders he would like to talk about NATO with respect to the purpose for which the collective security setup was created. Then, Eisenhower addressed himself directly to Zhukov—his old friend of World War II days—and appealed to the marshal to listen carefully.

The President said he was making this appeal because he and Zhukov are old friends. Zhukov also knows, Eisenhower went on, that on the basis of one soldier speaking to another, that the President never has spoken a single word which is not true.

The third session of the summit conference, following up yesterday's two preliminary meetings, lasted 2 hours 40 minutes. Shortly before the leaders met their foreign ministers agreed upon a conference agenda with the question of Germany as topic No. 1.

The Russians yesterday called for abolition of NATO as one of the steps leading toward German unification. In appealing today to Zhukov and the other Russians to reapproach NATO, President Eisenhower described it as a true agency of peace.

The Russians have insisted that NATO is an aggressive organization aimed at the Soviet Union and have demanded its elimination as an essential to peace in Europe.

Eisenhower told the conference he has had enough of war. He said he never would have assumed command of NATO early in 1951 if he had regarded it as an agency for war.

The President said that at the end of World War II the main problem was what to do about Germany. A vacuum had been created by the destruction of Hitlerism, he said, and to leave such a vacuum in existence would have been an invitation to restoration of Hitlerism.

If there was going to be any delay in the unification of Germany, based on the fear of a united Germany, Eisenhower remarked he wanted to say right there and then that no one has anything to fear.

The word from the conference was that at the end of today's session the Russians proposed that the Big Four go on to discuss some other topic on the agenda. "Contacts between East and West" are the topics below Germany.

The Western leaders told the Russians they were not through with the German problem and wanted to discuss it further.

Agents Stress Short Term Family Loans

By SAM DAWSON

NEW YORK (AP)—The easier the mortgage payments are on your current budget the more money you'll have to put out before you finally get full title to your home.

Lending agencies are starting to stress that paying for a home "just like rent" costs more in interest payments over the years.

On a \$10,000 loan a veteran can save himself more than \$3,000 by taking out a 20-year mortgage instead of a 30-year one, the Northwestern National Life Insurance Co. of Minneapolis notes today.

Or, put another way, on each \$1,000 of down payment you can manage to put up, you can save over \$800 in interest payments on a 30-year program, or more than \$500 in interest payments on a 20-year schedule.

Many families who'd like a home of their own, or a larger house for a growing brood, are discussing today how best to finance it. The problem: they can save interest payments in the long run by taking the 20-year payment plan instead of the 30-year one—but their monthly payments in the meantime will be about \$12.50 higher. And they may want to use that \$12.50 toward payments on the refrigerator or stove.

Committing themselves to buying a house "just like rent" may be the only way they can afford one on their present income. So they decide to run the risk of their income dropping in the future and thus making payments a burden, or of their moving to another city and leaving behind a house in which their equity may be tiny.

The insurance company notes that under a 20-year payment plan on a \$10,000 deal, all borrowed, they would in 10 years have paid off about \$3,900 in principal. It says that under a 30-year schedule, their payments on principal in the first 10 years would be about \$2,000.

The easy payment plans grow in popularity, however. The Veterans Administration reports that 43 per cent of the GI plan loans now being made are the no-down-payment type. And the percentage of the longer maturities has doubled in the last two years.

The total of mortgage debt outstanding amounts as the housing boom continues most places unchecked. Since the end of the war the amount has increased four fold and crossed the 75 billion dollar mark as 1955 started.

First Atomic Power Put Into N. Y. System

WEST MILTON, N. Y. (AP)—The free world's first commercial atomic-electric power is in use today in upstate New York.

Chairman Lewis L. Strauss of the Atomic Energy Commission pulled a switch yesterday that loosed several thousand kilowatts of it into the Niagara Mohawk Power Corp. grid.

A counterpart of an atomic-submarine reactor produces steam to operate a turbine and generate the power. An official of the General Electric Co., which built the generator, said it had a capacity of 12,500 kilowatts and was "expected to produce electricity at the rate of about 10,000 kilowatts."

The GE spokesman said the generator could provide additional power for as many as 35,000 homes in the system served. Niagara Mohawk provides power for a wide area of upstate New York.

Rootin' Tootin'!

GLASGOW, Mont. (AP)—A four-year-old boy shot up the town with a .22 caliber rifle. The shots went unnoticed until a passerby saw a bullet hole in the plate glass door of a store. A check showed that two other bullets had struck the stone on the building near the door. Police found that the boy had been alone in a car parked across the street. He told them that he had no trouble firing the gun.

Gives Holdup Men Trouble In Robbery Attempt

GREENEVILLE, Tenn. (AP)—Three holdup men ran afoul of a 74-year-old rugged individualist last night and had a tough fight relieving him of the \$68,000 he was carrying on his person.

When they told John Bohannon in his own kitchen to put his hands up, he snapped:

"I never put my hands up for any man. If you want to kill me, shoot!"

He grabbed for one of the guns and almost got it, but a second man hit him with the butt of another pistol.

The men succeeded in knocking him out with numerous blows on the head as he answered every threat to kill him by saying: "You haven't got the guts."

They tied him up, removed two billfolds containing \$60,000 plus \$8,000 in loose bills in a vest pocket, and then forced his wife to show them his upstairs safe.

Before they could get into it, however, Bohannon regained consciousness, broke his bonds and ran to his garage to get a rifle. Hearing the back door slam, the robbers fled out the front way and escaped in an automobile.

About three hours after the hold-up, two men were arrested here and one in Morristown for questioning but police would not give any details.

Bohannon is a real estate dealer, farmer and house builder.

First Negroes Attend Schools In Kentucky Without Segregation

MONTICELLO, Ky. (AP)—Six Negroes, ranging in age from 6 to 15, yesterday became the first to attend a desegregated public school in Kentucky.

It also was the first time the children of Clark Stonewall had studied inside a classroom.

Heretofore, their father had taught them rather than send them on a county school bus to Travis Elementary School here.

The teacher at the one-room Griffin School, with its 35 white pupils, said all "got along beautifully on this, the opening day of the fall semester."

The Stonewall family is the only Negro family living in the south-east section of the county served by the rural Griffin School.

Strippers Don Garb In Protest of Wages Around Los Angeles

LOS ANGELES (AP)—It's more take-home pay for takeoff, else the burlesque queens of Los Angeles are going to stay home.

The threat of a "cover up" strike was made yesterday as strippers met to protest their \$85-a-week pay. They said this is the lowest in any large city for their art.

The girls gathered in a hot, stuffy, low-ceiling upstairs room of a downtown night club. A few wore topcoats. This was regarded as symbolic.

"When the minimum wage is raised, then we'll take them off," said one in a speech. There was scattered applause. This was the first meeting of the League of Exotic Dancers. It is a group within the American Guild of Variety Artists, through which all the girl entertainers are booked.

Lady Meter Checker

CHICAGO (AP)—A 30-year-old mother of two sons starts a new job tomorrow, the first woman member of the suburban Cicero Police Department. Mrs. Lorraine Starka will ride a three-wheel motorcycle in the Police Department's parking meter enforcement division. She won't carry a gun nor will she be charged with any police work other than enforcement.

Ike Heavily Guarded--

Russians Amaze Many With Absence of Armored Autos

GENEVA (AP)—The top men of the Kremlin have relaxed themselves right out of their bulletproof cars, while President Eisenhower is riding through Geneva with the biggest guard in town.

"It makes the Swiss smile," said Marc Pernet, a local gardener who's watched cloak and dagger operations in this neutral country for years.

"The Americans," he said, "put their President in a closed car and stick their secret policemen in open ones."

"The Russians, on the other hand put their leaders in an open car and transport their secret policemen in closed ones."

The comparison goes deeper. At the President's villa, two to four Secret Service men are on duty at the barred iron gates around the clock. More are scattered around the gardens. Others roam the lakefront.

This guard is augmented by a carload of Swiss plainclothesmen outside the gate at all hours. Swiss soldiers with loaded tommyguns inside the villa grounds and a motorboat guard patrolling the waters 100 yards from the shore.

Up the road 10 yards from the villa is another squad of tommy-

gun men, and guarding a dirt road to a barn on the property are six more soldiers and policemen.

U. S. Secret Service Chief U. E. Baughman is in Geneva, along with James J. Rowley, head of the permanent White House Secret Service detail.

And—ssshhh, the Americans even have a man whose talents are said to include lip reading in Russian.

When Communist party boss Nikita Khrushchev, Premier Nikolai Bulganin and Marshal Georgi Zhukov came to Geneva they left behind the bulletproof American-made cars they used when Joseph Stalin was alive.

And—all the time they smile as they drive around Geneva in open cars, waving to the crowds.

When the Russians went to dine with French Premier Faure, photographers asked if they could enter the villa grounds and take pictures.

"We'll ask the Russians," said the French.

"Certainly," said the head of the dreaded Soviet secret police detail, "let them come in."

One television cameraman came away shaking his head in amazement.

"The secret policemen helped us take pictures," he reported. "One of them held me up on a chair while I shot away at his bosses."

Leaders Drink Happy Toasts At Conference

GENEVA (AP)—President Eisenhower and the leaders of the Soviet Union—including his old friend Marshal Georgi Zhukov—drank champagne toasts last night to the success of the summit conference and the winning of an enduring peace.

The President and Zhukov got a chance to chat briefly after a dinner Eisenhower gave for the Russian leaders at his Lake Geneva villa. There was no word whether they made any progress toward ironing out East-West differences.

Eisenhower and the Soviet defense minister met for the first time in almost 10 years at yesterday's opening session of the Big Four conference. They exchanged brief enthusiastic greetings then.

Getting together at dinner last night, they talked through an interpreter. The President's son Maj. John Eisenhower joined in.

Eisenhower and Zhukov became

friends when both served as military administrators in Germany after World War II. After the marshal became Soviet defense minister, he and the President exchanged private letters.

Other Soviet officials attending the dinner were Premier Bulganin, Communist party chief Nikita S. Khrushchev, Foreign Minister V. M. Molotov and Deputy Foreign Minister Andrei Gromyko.

Secretary of State Dulles and other American officials also were present.

White House Press Secretary James C. Hagerty said the Presi-

dent offered a champagne toast to his opposite number in the Soviet government, President Klementi Voroshilov of the Soviet Presidium, who is not taking part in the Geneva talks. Then Bulganin toasted Eisenhower, touching his glass to the President's.

Swing it? Sure you can!

This Big Buick SPECIAL (2-Door, 6-Passenger Sedan) delivers locally for less than some models of the well-known smaller cars (Come in and check)

WHEN you look into things, you find that this man-sized Buick SPECIAL is priced almost exactly like the smaller cars—and even below some models of the three most widely known smaller cars.

You find proof of that in the price tag we'll show you for this 2-door, 6-passenger SPECIAL.

And you find clinching proof in the fact that Buick sales are soaring as never before—far outstripping the huge success that moved Buick into the Top 3 of America's best sellers. (That means Buick prices must be low enough for a whale of a lot of people to afford.)

But every sensible buyer knows that low price alone is not enough. It takes more product for the money to reach the sales heights—and that's the Buick story.

More and more people are learning that you get a lot more automobile

for the money in a Buick than you get elsewhere.

More styling distinction—more room and comfort—more size and roadability—more ride stability and steadiness—more brawn and heft and solidity of structure—and a lot more sheer power thrill.

More spectacular action, too, from the performance and smoothness and better gas mileage of Variable Pitch Dynaflo.

So why don't you come in for a look at the strapping big Buick that's priced like the smaller cars? And for a sampling of the most thrill-packed automobile in Buick history?

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

- DID YOU KNOW—**
- ★ —that the Buick SPECIAL is priced below any other car of 188 horsepower and 122-inch wheelbase?
 - ★ —that the Buick SPECIAL is priced below some models of the three most well-known smaller cars?
 - ★ —that the Buick SPECIAL includes as standard equipment at no extra cost a long list of items usually charged for as "extras" by other cars—items such as direction signals, automatic lighting of glove compartment, variable speed windshield wipers with vacuum booster, and so on?
 - ★ —that the Buick SPECIAL gives you more pounds of automobile than any other car at its low price?

Thrill of the year is Buick

Neighborly Neighbors Learn How to Make Baskets at July Meet

An all day meeting was held in July by the Neighborly Neighbors Extension Club at the home of Mrs. Jerry Vardeman. "My Earliest Memory of Independence Day," was the response to roll call. Since most of the club members were unable to go on the county-wide tour of the Monticello woolen mills, plans were made for the club to conduct its own tour Aug. 11.

Mrs. Ed Werneke read Mrs. Zimmerman's letter. A recipe for "Bible Cake," with appropriate scripture verses, was used by Mrs. Thomas J. Raines for devotional. After lunch, a lesson on reed basket making was given by the handicraft leaders, Mrs. Werneke and Miss Catherine Scott. Serving trays and bun baskets were completed by club members and plans made to do more of the work at a later date.

Guests were Mrs. Donald Ramsey, Mary Ann Smith and Betty Vardeman.

The next meeting will be a picnic at the home of Mrs. Irvin Smith the night of Aug. 20.

Family Dinner Held At R. LaRue Home

The Acker family dinner was held on Sunday, July 10, at the farm home of Mr. and Mrs. Raymond LaRue and sons southeast of Green Ridge.

Honor guests were Mr. and Mrs. George Weller and family. To-wanda, Kan., and Wilford Acker of Sedalia who was celebrating his birthday.

Others attending were: Mr. and Mrs. Palmer Keller, Mrs. Rose Turner, Mr. and Mrs. Denton Hughes and Linda, Mr. and Mrs. Fred Acker and grandsons, Stevie and Junior Acker, Mr. and Mrs. Bryan Hughes, Mr. and Mrs. Matt Acker, Mr. and Mrs. Leonard Mothersbaugh, Mike and Max, all of Windsor, Mr. and Mrs. Ed Wiggins and sons, Clinton; Mrs. Wilford Acker Sedalia, Mr. and Mrs. N. L. Magill and family, Kingsville, and Mr. and Mrs. Joe Baker, Warrensburg.

4-H Girls Display At Oak Ext. Club

Mrs. Henry Smith, assisted by Mrs. Tommy Curtis entertained eight members and several guests of Oak Extension Club at her home July 14.

Miss Shirley Tegtmeyer reported on the state 4-H Club Week and Mrs. George Mehan, 4-H sewing leader, presented five 4-H girls, who displayed their work and presented a dress revue. The 4-H girls taking part were Shirley Tegtmeyer, Gertrude Tegtmeyer, Virginia Fisher, Marilyn Rump and Janet Manor. Mrs. C. A. Crole gave the devotional. Mrs. Mehan presented the 4-H girls a gift.

Mrs. Forrest Fisher, LaMonte was also a guest.

The August meeting will be a picnic at Liberty Park, Aug. 13.

Dresden WSCS Plans All Day Project Meet

Dresden WSCS held its regular monthly meeting at the church Wednesday.

Mrs. D. E. Edwards was in charge and Mrs. L. J. May led the program, "In Street and Shop and Tenement." Several members assisted her. The meeting closed with the spiritual life lesson given by Mrs. Charles Fichter. During the business meeting plans were made for an all day meeting in August to work on a project for the Lord's acre. Thirteen members were present.

Mrs. Frank Van Natta, hostess, served refreshments.

D. of I. Circle Has Initiation Wednesday

Daughters of Isabella, Sedalia Circle No. 310, at their regular meeting on Wednesday gave the short form initiation to the following: Mrs. Douglas Kennedy, Mrs. Melvin Oehrke and Mrs. William Charles Rayl.

They had as their out of town guest members of the Tipton Circle: Miss Mildred Duebbert, Mrs. Rose M. Faherty, Mrs. Dorothy Schuster and Mrs. Andy Schreck, Regent.

After the meeting refreshments were served by Mrs. Patricia Hall and her committee.

'Christians on Job' Women's Guild Theme

The Women's Guild of the Immanuel Evangelical and Reformed Church met Thursday evening with Mrs. Lena Brauer, Mrs. Oscar Oehrke, Mrs. Mitchell Skaggs, Mrs. Elmer Maune and Mrs. Rose Hausam as hostesses. There were 31 members present and two guests, L. O. Griffith and Mrs. A. S. Klemme. Two members were seated at the birthday table, Mrs. Gene Teeter and Mrs. Adolph Witthaus.

Mrs. Hersel Bremer led the devotional. Mrs. Lottie Meisenheimer, Christian social action chairman, was in charge of the program. The theme this month is "Christians on the Job." Mr. Griffith, of Pittsburgh-Corning Corp., spoke on "Religious Motives in Business." The meeting was closed by Mrs. Bremer.

Social Calendar

WEDNESDAY

Houstonia WSCS meet with Mrs. Clinton Lowrey.

Pleasant Hill WSCS meets at 11:30 a.m. with Mrs. Cora Huffman, 636 East Tenth.

THURSDAY

Philathea Class, East Sedalia Baptist Church, picnic at Washington Park at 6 p.m.

Circles of the Immanuel Evangelical and Reformed Church will meet as follows: Ruth Circle at the home of Mrs. Floyd Knerl, 920 South Monticello, 1:30 p.m.; Dorcas Circle at the home of Mrs. Ernest Liebel, 1500 East Seventh; Mary-Martha Circle at the church at 10:30 a.m. to go to the home of Mrs. Adolph Witthaus, Route 5, for all day meeting.

Mrs. Hood Presents Program At WSCS Meet

The WSCS of the California Methodist Church met at the church on Monday night. Preceding the program a half hour quiet prayer was conducted in the sanctuary by Mrs. Lawrence Fuerst. Mrs. Homer Gray led the devotional part of the program. Mrs. Dorsey Hood gave the lesson on "The Challenge of the City." Mrs. Neil Newton, president, was in charge of the business meeting which followed the program. During the social hour following the meeting the hostesses Mrs. Henry Gattermeir, Mrs. C. E. Alexander, Miss Irene Meyer and Miss Virginia Lee served refreshments.

Baptist Alliance Is Studied at WMS Meet

The July meeting of the Mt. Herman Baptist WMS was held at the home of Mrs. P. D. Fidler, Route 4.

Mrs. Jim Reed opened the meeting with a prayer and Mrs. A. C. Henderson, Jr., recited a poem. The program leader, Mrs. V. C. Abney read from Acts II, chapter 5 and a study of "The Baptist World Alliance" followed. Mrs. R. F. Sprinkles led in prayer and Mrs. Charles Wise conducted the business meeting. Mrs. N. J. Knutz gave the benediction.

The August meeting will be at the home of Mrs. Charles Bybee.

Mrs. Schlobohm Gives Report

The WSCS of Epworth Methodist Church met Thursday afternoon. Mrs. Paul Berthouex played "The Rosary" and Mrs. W. A. Green gave the devotional. She was assisted by Mrs. Robert Neumann. Mrs. Mae Varney, Mrs. Frank Henderson and Miss Mary Ruth Heuerman. Mrs. Hugh Jones led the group in singing two hymns.

Mrs. E. L. Ringen was program leader and the study of "The City and Its Problems" was continued. Mrs. Ernest Schlobohm gave an extensive report on her student work. Mrs. Frank Henderson presided over the meeting. It was decided to have an ice cream social Aug. 2. The meeting closed with a prayer.

Striped College 4-H Has Wiener Roast

Striped College 4-H Club enjoyed a hayride and wiener roast July 13. The woodwork class sponsored the outing. The wiener roast was held at the home of Mr. and Mrs. Ted Dabner. Billy Eye and Donnie Shirley were the wagon drivers.

About Town

Reno Johnson, 108½ West Fifth, meter inspector for the city, has returned from a week's vacation trip to Colorado Springs, Colo., where he visited with Mr. and Mrs. Henry Cartwright, former Sedalians.

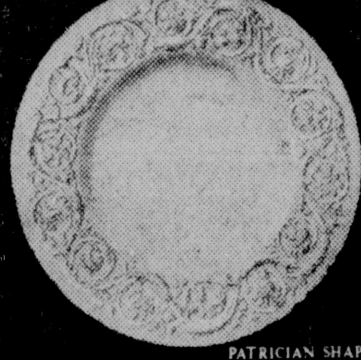

Johnson was accompanied by his dog "Steve Jr."

Mr. and Mrs. E. J. Mosley, Jr. and sons, Terry and Timmy, Fort Pierce, Fla., have been visiting her parents, Mr. and Mrs. S. W. Welch, 1020 West 11th, and her brother and sisters in Sedalia and Warsaw. Mrs. Mosley is the former Ruth Welch.

Coroner Jury Decides Wife Killed Brown

A coroner's jury which heard evidence on the death of S/Sgt. Peter M. Brown, 39, Sedalia Air Force Base, found fatally stabbed at his home, 211 East Morgan, early Sunday morning, did not make a recommendation in its verdict. The jury after hearing testimony from four witnesses returned a verdict that "the deceased came to his death from a stab wound inflicted with a knife in the hand of his wife, Mrs. Leola B. Brown."

The jury was composed of Aron Smith, foreman; Roy Osten, W. A. Martin, A. C. Bethke, R. R. Ramlow and W. A. McMillan.

Dr. C. Gordon Stauffacher, Pettis County coroner, who investigated the incident at the home Sunday morning called for the inquest to be held.

Prosecuting Attorney Harold Barwick was at the inquest and assisted Dr. Stauffacher in the questioning of the witnesses.

Mrs. Brown was the last witness called to testify. Prosecutor Barwick, before she was asked any questions, stated: "Mrs. Brown, you do not have to testify and your refusal will not be used against you. If you do testify, any testimony can be used against you in any trial or trials that may be a result of this."

"I don't care to testify," Mrs. Brown said and was excused from the stand.

First called to the stand was Dr. A. R. Maddox, physician, who told of being summoned to the Brown home and of his arrival.

He said he was delayed several minutes gaining entrance to the house and in the interim had the police notified. "When I got in and found the man, he was in a dying condition. I could find no heart beat or pulse. I did administer a heart stimulant, but it was useless. That was why I did not order him taken to a hospital. I knew he was dying at the time. Nothing could be done for him other than what I had already done," Dr. Maddox said. He then described the scene, the wound and the results and findings of an autopsy which was conducted early Sunday morning.

He explained how the knife wound ranged through the front portion of the body and through the heart.

A/2 Walter N. Tucker, Sedalia Air Force Base, who resides at 221 East Morgan, two houses away, testified as to how Mrs. Brown came to his home and summoned his assistance, and he and his wife went to the Brown home, saw the wounded man on the floor in a sitting position, being held by his wife.

"She asked me to get a doctor or take him to a doctor," Tucker said, "and I then went across the street to Les Hammond's and had him call a doctor. Then we went back to the Brown's yard. Mrs. Brown called to my wife and asked her to come in and help her get her dress changed. She told her that if she was found with that dress on they would lock her up. My wife didn't go in. We just waited and Mrs. Brown closed the door. After the doctor arrived it was several minutes before we got into the house."

Night Chief of Police Theodore Gardner testified to his observations at the house, described the scene and of asking Dr. Maddox about questioning Brown. "Dr. Maddox told me he was 'too far gone' to be questioned," Gardner stated.

He told of taking a paring knife and hammer to police headquarters, which had been found at the scene and locking them in the safe at headquarters.

D. Kelly Scruton, Democrat-Capitol reporter, testified as to the positions of the knife and hammer found on the floor, of wrapping them in paper and turning them over to the police. He also testified as to statements made by Mrs. Brown at police headquarters. He was the last witness to testify.

The body of S/Sgt. Brown is being sent to Jacksonville, Fla., the home of his mother, Mrs. Ollie Hardy, where funeral services and burial will be conducted.

Mrs. Brown is held in the Pettis County jail on a charge of first degree murder. The date of the preliminary hearing before Magistrate Frank T. Armstrong has not been set.

Judge Approves New Witness of Slaying During Prison Riot

POPLAR BLUFF (AP)—Circuit Judge Randolph H. Weber ruled that a convict who was near the scene of a slaying during the state prison riot at Jefferson City may testify today in the murder trial of James William (Slick) Stidham.

Defense Attorney Mark Hennelly had protested the convict, James Creighton, should not be permitted to testify since he once was a patient at the state hospital in Fulton for 38 days.

The judge quizzed Creighton, a life termer, in the absence of the jury last night before overruling Hennelly's objection.

At the time of the riot Sept. 22, Creighton was in a death row cell adjoining that of Walter Lee Donnell, an informer who was beaten and stabbed to death by other inmates. Stidham and six other convicts were charged with the murder. One already has been sentenced to death and three have been given life terms.

OBITUARIES

Lynn Overstreet

Lynn Overstreet, 59, former Sedalia, died unexpectedly Monday at Stockton, Calif., according to word received in Sedalia by relatives. He was with the Western Union at Stockton and was enroute to his work, driving his car, when he suffered a heart attack.

Mr. Overstreet was found in his car slumped over the wheel and was rushed to a hospital at Stockton, where he died about 1 o'clock in the afternoon. He had been suffering a heart ailment for some time and had been under the care of a doctor.

He was born in Sedalia June 18, 1896, the son of the late David Overstreet and the late Mrs. Mollie Overstreet Looney, on the old Overstreet farm east of Sedalia on the Smithton road. He was reared and educated in Sedalia.

As a young man he went with the Western Union and had been with that organization for more than 35 years.

In June, 1920, while working at Jonesboro, Ark., with the Western Union, he met and married Miss Mildred Maline. To this union were born three children, David Overstreet, near San Francisco, Calif., William, who is in college and is at home with his parents, and a daughter, Melva, who died at the age of three.

Surviving him besides his wife and two sons are: two brothers, Rep. Milton Overstreet, who resides on a farm east of Sedalia, Robert M. Overstreet, 1206 South Carr, two sisters, Mrs. Vera Harris, 1321 South Carr, and Miss Melva Overstreet, 220 South Prospect.

A brother, Dr. Walter Overstreet, Jonesboro, Ark., died in December, 1954.

Funeral services are to be held at Stockton, Calif., Wednesday morning.

Effie Cynthia Richardson

Mrs. Effie Cynthia Richardson, 60, died at her home near Glensted July 12, at 6:20 a.m.

She was born February 21, 1895, the daughter of Thomas and Lillian McCray.

She was married August 17, 1914 to Harry B. Richardson, who survives her as do a daughter, Mrs. Beatrice Rodgers, Ottville; three grandchildren, Mrs. Betty Meyer, Frances Rodgers and Charles Rodgers all of Ottville; her mother of Stover.

Mrs. Richardson is also survived by two brothers, John, Harrison, Mont., and Arthur, Medicine Lodge, Kan.; eight sisters, Mrs. James Rastorfer, Stover; Mrs. Orla Siegel, Jefferson City; Mrs. Elsie Young, Stover; Mrs. Alice Schaffner, Williams, Ariz.; Mrs. Lillian Porter, Kansas City; Mrs. Nora Lingwood, Spencer, Ia.; Mrs. Bonnie Winter, Kansas City and Mrs. Golda Woolery, Stover.

Her father and two brothers preceded her in death several years ago.

Mrs. Mary Meyer
Funeral services for Mrs. Mary Meyer, 84, who died Saturday at the home of her son in New York City, will be held Wednesday at 2 p.m. at the McLaughlin Funeral Chapel with the Rev. David Funk officiating.

The body will arrive in Sedalia at 5:35 p.m. Tuesday and will be taken to the McLaughlin Funeral Home to await services.

Burial will be in Crown Hill Cemetery.

Nehru Advises Talks Including Red China Are Unavoidable Soon

NEW DELHI, India (AP)—Prime Minister Nehru said today an international conference—with Communist China attending—"will have to be held" sometime after the Geneva summit talks to discuss Far Eastern issues.

The Indian premier told a crowded news conference he had no idea when or where such a parley might be held or who besides the Chinese Reds would be represented.

Far East issues, including Formosa, constitute a "more explosive" problem at present than Germany, Nehru said, and therefore cannot be ignored at Geneva.

But since Red China is not present at the summit meeting, he continued, the Big Four can hold only "initial" discussions on East Asian problems.

Eisenhower Feels Good About Summit Meet

GENEVA (AP)—President Eisenhower said today he feels "pretty good so far" about the way the Big Four conference is going.

He made the remark to newsmen in downtown Geneva shortly before setting out for another summit meeting.

He had been toy shopping for his grandchildren at a shop across the street from the hotel housing the American delegation.

After completing his shopping, the President walked across the street to the Rhone Hotel. A reporter asked:

"How are things going at the conference?"

"I feel pretty good about it so far," Eisenhower replied.

To a similar query as to conference progress from another newsmen, Eisenhower answered:

Glass fiber, now widely used, was unknown commercially until the early 1930s.

Senate Passes Free Vaccine Proposition

WASHINGTON (AP)—The Senate has voted to provide free Salk anti-polio vaccine for millions of children under 20 and expectant mothers.

The next move is up to the House, whose Commerce Committee last week approved a somewhat different free vaccine bill.

Senate action yesterday came on a voice vote. The only audible "no" vote was cast by Sen. Morse (D-Ore). He objected that the measure "only scratches the surface."

During debate Sen. Welker (R-Idaho) took the Public Health Service to task for what he said was a failure to act against the Cutter Laboratories of Berkeley, Calif. Welker said Cutter vaccine is "directly" responsible for 118 polio cases in Idaho, four of them fatal.

Both Morse and Welker charged federal health officials with "cover-ups" in the vaccine program, but the Idaho senator was not in the chamber when the vote was taken.

The Senate bill, sponsored by Chairman Hill (D-Ala.) and 12 other members of the Labor and Public Welfare Committee, would authorize the government to buy vaccine which would be distributed to the states. The states then would spread it among local communities which may ask for it.

The House bill too would channel the vaccine through the states.

This is in line with Eisenhower administration proposals which called for appropriation of 35 million dollars to provide shots for children whose parents can't afford to pay for them.

However, the Senate measure places no ceiling on the amount which may be voted for the purpose. This is left to the decision of congressional appropriations committees.

The House bill would authorize 38 millions for inoculation of needy children. It also would provide for grants to the states on a dollar-for-dollar matching basis for any broader immunization programs. No limit was set on the amount a state could get under such a matching program.

Neither the House nor Senate bills would require a showing of financial need—a "means" test—for a youngster to be eligible for the free vaccine.

Fire

(Continued from Page One)

a group of men was replaced in the same manner and the store equipment and merchandise carried back into the store, a little stirred up but in good condition.

The alarm spread quickly. The telephone operator at Ottville received a call of the fire and notified Alderman James Wear, who summoned Arthur Edwards, a volunteer fireman of Ottville's new fire department, and Wear drove the GMC truck purchased several months ago to the scene.

The 250-gallon tank of water was used to knock out the fire on some rear buildings at the residences and fire which had started up in the trees which might cause a spread of fire to other houses.

It took the two men about 15 minutes to make the seven-mile run.

A baseball game at Tipton was practically broken up when a call received there brought out one of the fire trucks from that town.

The truck was driven out to the ball park where the Tipton Merchants and the Co-Mo REA softball teams had started to play ball, the siren blowing resulting in Fire Chief Vincent Hecht, Assistant Fire Chief A. H. Kline and Ted Knapp, along with volunteer Joe Schwickrath taking over and driving the truck 22 miles to Clifton City to give their assistance.

According to Schwickrath, who will still have on his baseball spikes, the score was 4-0 favoring the Merchants and "I suppose it was one of the only games we would have won this year. I don't know if they finished it or not because when we hit for the highway and started toward Clifton City it looked like a 100 cars were following us," Schwickrath said.

Chief Hecht reported to Wear, the first fireman to arrive and in charge, and had his men stand by for sometime to ascertain that the danger of the fire spreading was over. The Tipton group also used their hose to put out fire in some of the trees.

The ride took about 40 minutes from Tipton to Clifton City on the Ford truck.

Mrs. Reuter explained her husband is the postmaster at Clifton City, and that they had been operating the store and filling station for about nine years. Her parents, Mr. and Mrs. F. S. Needy, formerly operated the business and post office for approximately 17 years before they left Clifton City. After an absence from Clifton City for a few years Mr. and Mrs. Reuter returned and took over the business, which had been given up by her parents several years prior.

Nothing was saved by the Reuter family, the children getting out with nothing more than their night clothes. Mr. and Mrs. Reuter with what few clothes they got on before leaving the home. They had recently purchased a new television set, refurnished and refurnished much of the kitchen and redecorated the home.

A large crowd in the vicinity was attracted to the fire and many persons hearing a broadcast for help over KDRO went to the scene from Sedalia, while a goodly number followed the fire trucks from their respective towns.

Fires In The City

The Sedalia Fire Department made a run to the Sedalia Wire and Steel Company, 109 North Grand, at 7:31 p.m. Monday to extinguish a trash fire which blazed out of control.

Damages were slight.

Russians Announce Aid Grant to Leader Of North Viet Nam

MOSCOW (AP)—Ho Chi Minh, leader of Communist North Viet Nam, flew toward home today with a promise of 400 million rubles in economic aid from the Soviet Union.

Moscow radio announced the grant last night shortly after Ho left the Soviet capital by plane. He had conferred here for a week with Russian government officials.

The broadcast said the talks also "unanimously emphasized the importance of consultations to be carried out" in preparation for general elections in Viet Nam in July, 1956.

Under terms of the Geneva agreement ending the Indochina War, discussions on elections designed to unify the country are supposed to begin July 20 between North and South Viet Nam. The armistice provides that the voting reunify Viet Nam is to be held not later than next July.

Wednesday Devotional Will Be Heard July 20

The Wednesday devotional will be held at noon, July 20, at the Pacific Cafe dining room. Mrs. C. E. Van Horn, Sunday School teacher at the First Baptist Church will be the speaker.

Roads

(Continued from Page 1)

velopment would not be forthcoming.

These roads, as have others previously taken over in the county, will be marked and maintained as "Temporary" state routes. Later they will be given permanent status in the state highway system, when and if right of ways needed to develop them to supplementary highway standards are made available without cost to the state. Then they will be so developed at some time during the remainder of the program period. If it appears, after a reasonable time, such right of ways will not be forthcoming, the roads will be returned to the jurisdiction of the county.

During the first three years of the program period, ending June 30, a total of 5,086.6 miles of county roads have been taken over for maintenance under program terms. Thus far 2,004.9 miles of those have been elevated to permanent state highway status as right of ways were made available. Only 60.5 miles have had to be returned, with such returns having been made in 12 counties.

This taking over of county roads for state maintenance and subsequent inclusion in the permanent system of state highways is part of that phase of the highway program which seeks to add 12,000 miles to the system. When this is accomplished it is expected that about 95 per cent of the state's rural units will be within not more than two miles travel distance of a state-maintained road. A rural unit is a farm home, school, church, cemetery or store.

John Craig

Craig Named To District Post of Elks

John Craig, 106 West Second, Riley Apartments, has been appointed as District Deputy of the Southwest by Grand Exalted Ruler John L. Walker, B. P. O. Elks. The appointment came in the form of a telegram received by Craig today.

The telegram in part states, "Because of your willingness to 'Serve Elksdom—Live Elksdom' I am delighted to appoint you my District Deputy," signed "John L. Walker, Grand Exalted Ruler."

Craig, who was elected vice-president of the Southwest District of the State Elks Association at its meeting last May, will tender his resignation as vice-president and has accepted the District Deputy post. He has been a member of the Elks for many years and served through all the chairs of the Sedalia Lodge 125, B.P.O. Elks.

He was Exalted Ruler of the local lodge during the year of 1953-54, and since that time very active on various local lodge committees as well as in the State Elks Association.

Craig is to go to Chicago on Sunday, Sept. 4, where he will attend a conference to be held in the Elks National Memorial Buildings, to start at 9 a.m. that morning and continue until 4 p.m. that afternoon.

Airport

(Continued from Page One)

Civil Aeronautics Administration, Federal Office Building, 911 Walnut Street, Kansas City, Missouri, is most familiar with local conditions and problems, arrangements will be made to have Mr. King visit the Sedalia Municipal Airport and make the necessary field investigation to arrive at a solution to your problem. I am sure that you and Mr. Scruton will be contacted by Mr. King in the near future.

"Sincerely yours, Merle W. Hemphill, Acting Director, Office of Airports."

Mayor Bagby then stated he had received a letter from Mr. King stating that he will be in Sedalia this week to check on the local conditions and to confer with him and the airport committee.

The airport committee is most anxious to get the local airport in operation so that it can be used extensively. Thousands of dollars have been spent for property, runways, building and other improvements, but as yet it apparently is avoided by not only local fliers but also transient fliers.

Due to criticism by local fliers, the committee decided to seek the assistance of the CAA in an endeavor to solve the problems. What recommendations will be made will not be known until after the investigation by King and a meeting with Mayor Bagby and the committee.

A resolution ratifying and confirming the acts of the Sedalia public library board in entering into contract with Cramer and Schrad Construction Co. for the necessary repairs on the Public Library building was passed unanimously.

Resolution to pave Beacon from Seventh to Broadway with a road base to be primed and seal coated and another to bring to an established grade that part of Harrison from 11th street back to the existing curb and gutter for the construction of curb and gutter were also passed.

A letter from the city engineer recommending the acceptance of the curb and gutter on Beacon from Fifth to Sixth, constructed by M. C. Flippin was read and placed on file.

City Clerk W. C. Ream read a letter from Merle F. Hemphill, acting director, Office of Airports for the Civil Aeronautics Administration of the Department of Commerce, addressed to Mayor Julian H. Bagby.

(A separate story on this is on Page 1.)

Councilman Earl Paxton requested a street light for the 500 block on West Clay Street. The Council approved the request.

Councilman Aubrey Case presented two petitions for residents on Quincy between Tenth and 16th and recommended they be referred to the city engineer's office for further study. The petitions are for curb and guttering and for paving the street with a rock base to be primed and seal coated.

Councilman Case, however, stated he recommended the reference to the city engineer as these residents also want a study made as to what can be done about storm waters which flow down this area during a rain storm.

Councilman Dr. Ira White presented a petition from Mr. and Mrs. W. L. Rich, 211 East 24th, requesting the right to connect with a city sewer. The request was approved.

Councilman Carlton Kelly presented a petition from property owners on West Sixth between Park and Snead who desire curb and guttering and also paving with a rock base to be primed and seal coated. They were approved by the Council.

Although there were persons in the audience interested in the rezoning of the Evans property, no protests were offered nor requests made on an ordinance for the matter.

Hall's full-time job is with the Missouri Utilities Electric Co. Making his home in Smithton, he tends to his apple orchard in his spare time.

Central College Names Thogmorton Dean

FAYETTE, Mo. (AP)—James P. Thogmorton, assistant professor of sociology at Central Missouri State College, Warrensburg, has been named dean of men at Central College here, President Ralph L. Woodward announced today. Thogmorton succeeds Richard F. Dunlap, who plans to teach in the Kansas City public schools.

Council

(Continued from Page One)

tabled the second request for the present.

Harry O'Mealy's application for 3.2 beer at the Sedalia Bowling Lanes was approved by the Council.

Read for the first time was an ordinance authorizing the issuing of public library bonds for \$60,000 for repairs on the library building; approving, accepting work done and materials furnished by V. A. Eiegel and Sons contractors for curb and guttering on 11th from Beacon to Carr; repealing a section of the merchants tax ordinance on the levying of tax on the sale of cigarettes and a new section in its stead supplementing the procedure and establishing a punishment for violation: establishing Sewer District 120; approving, accepting work done and materials furnished for curb and guttering constructed by the V. A. Siegel and Sons Construction Co., on 14th, Snead to Park; approving, accepting work done and materials furnished by the J. W. Atkinson Construction Co., for curb and guttering on Park between 14th and Park; providing for the bringing to the established grade 11th street between State Fair Blvd. and Carr, for the purpose of paving with a rock base to be primed and seal coated; providing for the construction of curb and guttering on 11th street from Harrison to Grand; providing for construction of curb and guttering on Warren between Ninth and 11th; providing for curb and guttering on Warren from Third to Broadway; and approving the plat known as the Dick Plat on 24th between Montauk and Kentucky.

Bids were opened on two sewer districts for the construction of sewers and ordinances letting the contract for both districts were read for the first time. The first bids opened were for District 111 with the J. A. Atkinson Construction Co. being awarded the contract as the low bidder. Atkinson's bid was \$12,127; the V. A. Siegel and Sons bid was \$12,450; and that of the T and O Lime Co., \$12,342. The District 114 contract was awarded to J. W. Atkinson whose bid was \$1,306 while V. A. Siegel and Son bid \$1,321.50.

The engineer's estimate on District 111 was \$12,150, and on District 114 it was \$1,350.70.

Two letters of recommendation from the Sedalia Zoning Board were read, one to rezone ten lots in Block 11, Jackson-Montgomery Addition from A to E, and the other approving the request of Robert C. and Erma Evans to rezone the property at the southeast corner of Broadway and Lamine from residential to business, were approved and ordered placed on file by a vote of the Council.

A resolution ratifying and confirming the acts of the Sedalia public library board in entering into contract with Cramer and Schrad Construction Co. for the necessary repairs on the Public Library building was passed unanimously.

Resolution to pave Beacon from Seventh to Broadway with a road base to be primed and seal coated and another to bring to an established grade that part of Harrison from 11th street back to the existing curb and gutter for the construction of curb and gutter were also passed.

A letter from the city engineer recommending the acceptance of the curb and guttering on Beacon from Fifth to Sixth, constructed by M. C. Flippin was read and placed on file.

Tax Program Seems Tough For Tax Man

NASHVILLE, Tenn. (AP)—William A. Shull Jr., an income tax man by trade, has made his mark on the red tape of the U. S. Internal Revenue Service—through channels of course.

He made a suggestion to his bosses in the Nashville office on May 7, 1954, for a change in one of the forms.

Section 2621 (4) of the Internal Revenue Manual requires that the service send Form 21 to delinquent taxpayers.

Every time the forms went out, Shull said, back came piles of acid complaints from taxpayers. The trouble lay in one little sentence in the form:

"We have no record of response to previous notice demanding payment of account shown above."

Now, in many cases this was just not true, Shull said. Often, the government did have a "record of response." Sometimes, the response contained part payment of the tax due and sometimes it simply said, "I ain't got the money right now."

Nevertheless, under the manual's iron-clad rule, the forms had to continue going out until the last dollar was in.

Shull suggested the objectionable phrase be replaced with this one:

"We have no record of your paying the above account in response to a previous notice forwarded to you."

This suggestion went to the local incentive awards committee, thence to the Atlanta office, and thence to Washington.

Yesterday, Shull reaped his reward. The language will be changed in the new Form 21. Shull was presented a certificate of award.

Under the government's incentive plan, Shull also received a check for \$60.

But, lo, more than 10 bucks had been lopped off.

For withholding tax!

Italian Premier Backs West Europe Unity In Parliament Speech

ROME (AP)—Premier Antonio Segni pressed today for a vote of confidence from the Senate after getting a 293-265 approval from the Chamber of Deputies for his coalition government.

The vote in the Chamber last night, 13 above the required majority of 280, was Segni's first parliamentary test. The new Premier, a left-of-center Christian Democrat and advocate of social reform, formed his coalition July 6.

His support came from the Christian Democrats, the allied Social Democrats, Liberals and Republicans. In opposition were the Communists, Socialists, Fascists and Monarchists.

Asking approval of his government last week, Segni told the Chamber the political and economic unification of Europe "remains an absolute necessity."

"Our entire foreign policy," he said, "remains based on our absolute support of Western European unity, and our continued loyalty to the Atlantic Pact as an instrument of defense."

French Woman Scares Big 4 Security Men

GENEVA (AP)—The French wife of a Russian political prisoner has given the security men guarding the Big Four their first real fright.

The woman rushed towards Soviet Premier Bulganin's car yesterday, waving a letter. She stumbled and fell before reaching the car and Swiss police whisked her out of sight. Bulganin probably never saw her.

Geneva Police Chief Charles Knecht said she was immediately expelled from Swiss territory, but he declined to give her name. He forwarded the letter—appealing for her husband's release—to the Soviet delegation today.

Turncoat Sergeant To Enter Plea Today

FT. BRAGG, N. C. (AP)—Sgt. John L. Tyler, 25, pleads today to lesser charges of aiding the enemy while a prisoner of war in Korea.

Maj. C. E. Noell, law officer, yesterday upheld a defense motion that certain charges were "not plain, not concise and indefinite." The charges dropped included one that said Tyler told Chinese Communists fellow prisoners were planning an escape.

The remaining charges allege the Moundsville, W. Va., soldier informed on fellow prisoners, wrote pro-Communist articles, asked fellow prisoners to sign peace petitions and attempted to convert them to communism.

Rare Disease

BUTTE, Mont. (AP)—Atibrinogenemias, a blood disease so rare it has been reported only 23 times in modern medical history, killed a Butte boy. The attending physician said the boy lived only 18 hours. About two hours after the birth he began to bleed from the folds of his skin and from all the body openings. Despite use of a blood-coagulate rushed to Butte by state patrolmen from Great Falls, 156 miles away, he died. He was the first son of Mr. and Mrs. John Sullivan, Butte.

DAILY RECORD

Police Reports

D. C. Davis, 422 South Quincy, reported to the police an electric drill was stolen out of the Queen City Electric Co. truck sometime over the past weekend.

A truck tire which was found lying in the street at Broadway and Kentucky and taken to police headquarters was claimed by C. T. Schreiber, Independence.

The front door to the Kinder Paint and Body Shop on West Main was found unlocked by Night Chief of Police Ted Gardner. The door was locked and a note left for the owner by the officer.

A screen at the Dixie Kitchen, Main and Prospect, was found with a hole cut in it. The window was locked.

Police Court

Sidney Brown, Kansas City, charged with double parking in the 200 block on South Osage, forfeited a \$2 cash bond.

Al Veitz, 514 South Ohio, charged with parking in a loading zone over 20 minutes, forfeited a \$2 cash bond.

M. C. Vaughan, 1800 South Stewart, charged with making a left turn, forfeited a \$5 cash bond.

Mrs. W. K. Stewart, 216 Broad, Warrensburg, charged with parking contrary to a legal sign forfeited a \$2 cash bond.

Gordon M. Kelley, Jr., LaMonte, charged with speeding 50 miles per hour from 18th to 22nd on Limit, forfeited a \$15 cash bond.

Luai Howard Langford, LaMonte, charged with driving a car while intoxicated, was fined \$75. He pleaded guilty to Judge R. L. Weinrich.

Airman Alfred E. Smith, 19, Sedalia Air Force Base, charged with performing an indecent act and resisting arrest, was fined \$20 by Judge R. L. Weinrich. He pleaded innocent to the charges.

Gail Pearson, 55, 600 block on North Osage, charged with performing an indecent act and being drunk, was fined \$20 by Judge Weinrich. He pleaded guilty.

Vernon Waitley, Kansas City, Kan., charged with parking in a safety zone in the 100 block on East Second, forfeited a \$2 cash bond.

Fourteen overtime parkers forfeited their cash bonds of \$1 each and 39 overtime parkers who reported to police headquarters paid the 25-cent fee.

Fifty Firemen Get Injuries In Giant Plant Fire In Ga.

ATLANTA (AP)—Fifty firemen were injured yesterday in a fire that heavily damaged an envelope manufacturing firm.

The firemen arrived at Grady Hospital in droves—six hours after the four-alarm fire at the plant of the Justrite Envelope Mfg. Co. had been brought under control.

Fire Chief C. C. Styron said their injuries were mostly due to chemical reaction from the smoke in the envelope company plant, causing blistering skin and damage to the respiratory system. A few were treated for cuts and bruises.

Walter Staleys Return From Shrine Meeting

Mr. and Mrs. Walter E. Staley have returned from Chicago where they went from Kansas City on a special train for Ararat Temple with about 500 other Nobles and many of their wives, to attend the Imperial Shrine Convention of North America. All on this train had room reservations at Hotel Conrad Hilton on the Lake front. This hotel has 3,000 rooms and is said to be the largest in the world. It was headquarters for the Convention.

Some 90,000 members of the Ancient Order of Nobles of the Mystic Shrine for North America were there in Chicago from all over the United States, from Canada, and Mexico. A full 22,000 of them rode or marched in two wonderful parades over two miles long. Costumes were very colorful and sparkling. There were many bands, mounted patrols, floats, and many other impressive and some humorous groups designated by flags and banners. The crowd viewing parades was estimated at about 600,000.

One float carried a number of crippled children attended by nurses, representing the work done by the Shriners in hospitals for crippled children.

Staley was especially interested in this Convention because of his interest in Frank S. Land of Kansas City, who was this year's Imperial Potentate. Land was the founder of the Order of DeMolay, Chapter 1 being in Kansas City. A former Pettis County boy, then living in Kansas City, Lewis Lower, was the first Master Councillor in the world. In 1922, Land commissioned three Sedalia Masons to organize Sedalia Chapter of DeMolay. These men were the late Jolly P. Hurtt, the late Carl J. Boyer, and Walter E. Staley. A little later, with the boy officers helping, they organized several other DeMolay Chapters in Missouri.

Comparative Calm Returns to Morocco After Bloody Rioting

CASABLANCA, Morocco (AP)—Comparative calm returned to this port city yesterday after four days of bloody rioting between Europeans and Moroccans.

French officials put the death toll at 64, but other sources estimated the total dead, mostly Moroccans, might run as high as 200.

In the only violence reported yesterday, the bodyguard of a local Arab chieftain was killed by a bomb. The chief's wife was injured.

Both Arab and Jewish shops were closed yesterday in the native quarter of the city. Buildings set afire earlier still smoldered. Police said a number of Jewish women had been attacked and stripped of their clothes by Arab women.

Says Taxicab Driver Admits Killing Girl

GOLDEN, Colo. (AP)—Sheriff Carl Enlow said a 25-year-old Denver taxicab driver early today admitted the slaying of Miss Zelma Broadfoot, 24, Eminence, Mo., last Wednesday.

"He confessed the murder," Enlow declared.

The admission by Alvin Wesley Brooks after five hours interrogation followed by only a few hours positive identification of Miss Broadfoot.

Her partly decomposed body was discovered in a secluded gulch 15

THROW BAGS FROM CRIPPLED PLANE—Sergeant First Class Carl J. Sheets, right of Fayetteville, N. C., and First Lt. Charles Ashley, in the background, of Apopka, Fla., jettison barracks bags from a crippled C-124 Globemaster transport as it feathered two props 300 miles off the central California coast. The transport, returning 79 members of the 18th Airborne Regimental Combat Team from overseas under the Army's "Operation Gyro-scope," landed at Hamilton Air Force Base, Calif. The mammoth plane blew two tires when it landed. It carried a crew of eight.

miles west of here Saturday by a picnicer. Most of her clothing had been ripped off and her head had been crushed by a heavy rock.

He Takes Time Out For Office Business

GENEVA (AP)—President Eisenhower took time out from Big Four conference activities today to catch up on White House business.

A pouch of mail, official documents and reports on bills passed by Congress since he left Washington arrived by courier plane.

The President has an office close by his villa on Lake Geneva. He worked there after breakfast on the new mail from the United States with his private secretary Mrs. Ann Whitman.

Boy Dies In Ambulance

ST. LOUIS (AP)—Carl Mettenet, 16, of Osage Beach, Mo., died in an ambulance yesterday just before arriving at a St. Louis hospital for possible surgery on a brain injury suffered in an accident.

The boy suffered the brain injury and multiple fractures of the left leg Sunday when his motor scooter collided with a truck in Osage Beach, in Camden County on the Lake of the Ozarks. A police escort was furnished for the ambulance trip from a Jefferson City hospital.

Arraign Cafe Owner In Racketeer's Death By Shooting In Alley

NEWPORT, Ky. (AP)—Frank (Screw) Andrews, 44-year-old cafe manager, will be arraigned today for the fatal shooting of a numbers racket bigshot.

Melvin Clark, 42, was shot to death last night in a pistol duel in an alley.

Andrews, claiming self-defense, was charged with murder and released on \$10,000 bond.

Lt. James Gallucci said Clark was "a Peck's bad boy." Charles against him included bootlegging, armed robbery, gambling and a slaying. The U. S. government claimed he owed \$116,000 in taxes and penalties on unreported income.

Police in Cincinnati, across the Ohio River, estimated that Clark, at least until recently, controlled 95 per cent of the policy business in the city's West End, a Negro district.

Safety On The Farm . . .

So much emphasis is being put on deaths and accidents by automobiles that other categories in the national casualty tabulations receive scant attention.

Because next week is National Farm Safety Week, it might be well to note farming is the nation's third most hazardous industry, but of course nowhere near a competitor with motor cars. In industry, mining and construction have a higher RATE of work deaths per 100,000 workers, but agriculture has the highest NUMBER of accidental work deaths, according to the National Safety Council which with the Department of Agriculture is co-sponsoring National Farm Safety Week July 24-30.

It is rather astounding to learn that between 14,000 and 15,000 farm residents will be killed in accidents this year if the 1955 death rate conforms with that of previous years, and that another 1,200,000 or more may be injured on the farm.

Nevertheless these are cold statistics. They have to be recognized if something is to be done about changing them. Change can be accomplished by diligent attention to safety factors on the farm—by the farmer, his wife, his children and his employees.

Because farm mishaps tend to occur most often during late morning or after-

noon hours, when body reflexes are sluggish, many safety men recommend that rural workers emulate office and factory employees and take the popular soft drink or coffee break about 10:30 a. m. and 3:30 p. m.

In one nationwide industrial study 82 per cent of the personnel men interviewed reported that these breaks helped to reduce fatigue; 32 per cent reported a lower accident rate.

The National Safety Council includes the following among "major unsafe acts" which farmers should guard against:

Failure to make regular safety inventories.

Hurry (taking short cuts that cause accidents).

Using defective, unguarded or wrong equipment.

Inattention (day dreaming while working with heavy machinery or near hazardous work).

Improper animal handling.

Violating common sense safety rules.

Allowing children near dangerous machinery.

Pettis County and Central Missouri farm folks are urged to cooperate in observing National Safety Week by an earnest effort to observe safety rules all year round and cut down the farm death and accident rate.

All the World—Well, Almost All—Loves a Lover

As Sedalia Sees It—

Uncle Sam Seems Up to Neck In Study Commission Advice

By Joseph A. Dear
Democrat-Capital
Washington Correspondent

WASHINGTON — At the moment Uncle Sam appears incapable of choking down any more advice from highly esteemed study commissions.

The 20 green-bound reports from the Hoover Commission are handy dust catchers. Ditto the shelf-full of blue-bound reports from the Commission on Intergovernmental Relations.

Sen. John McClellan (D-Ark.), chairman of the Senate Government Operations Committee, says there'll be no action this year on ex-President Hoover's recommendations. Action on the reports of the Intergovernmental Relations Commission, which has suggested steps to unravel the snarl created by the overlapping authority of federal, state, municipal governments, is also unlikely.

Ex-President Hoover estimated

that adoption of the 360 recommendations contained in the reports of his Commission would result in a saving of \$10 billion. Congressional action would be necessary before 167 of the recommendations could become effective.

President Eisenhower could order the adoption of most of the other recommendations. But, as of now, the Executive has acted on less than 50.

Since many recommendations of the Hoover Commission are controversial, any effort to put them into practice will stir up trouble. But in some areas the efforts will be made.

A major effort to streamline the Pentagon may be in the offing. For President Eisenhower has nominated Reuben Robertson for the number two job in Defense Department.

Robertson was vice-chairman and guiding light of the Hoover task force that studied the Defense Department. Chairman of this group was Charles Hook of Armco Steel, a long-time friend of Hoover.

Pride of authorship, if nothing else, will certainly tempt Robertson to make effective the business reorganization at the Pentagon recommended by the Hoover Commission task force. That could lead to interesting developments.

A key recommendation of the report concerned the establishment of a "fourth service," so to speak, which would handle all military buying. This is an old chestnut, which has been advocated by important military and civilian leaders. It also has been opposed by equally distinguished personalities. In 1951, for example, General Eisenhower said he was against the idea.

Political Note: Senator James Duff (R-Pa.) was one of the members of the Interstate and Foreign Commerce Committee who voted for a bill exempting natural gas producers from federal regulation.

Mayor Joseph Clark, Democratic Mayor of Philadelphia, is a leading opponent of the bill. It's considered probable that he will oppose Duff in the senatorial campaign next year.

Clark, and the Mayors of many other large cities, say passage of the bill would almost certainly jump the price consumers pay for gas.

Looking Backward . . .

—1930—

County Agent E. E. Brasfield, S. J. Timbrius and Norwood Benning, county agent at Butler, Bates county, who is visiting in Sedalia, attended the county agents' meeting in Warrensburg Wednesday.

Mrs. Sam Harlan, Miss Myra Graham, and Miss Nina Lacey will entertain members of the Methodist Episcopal Church, South, at a picnic outing Friday evening at 6:30 o'clock. All members of the class are expected.

—1930—

Mr. and Mrs. Harry Loveland and daughters Lucille and Marjorie of 1610 West Broadway, and Mrs. P. A. May, 410 South Quincy, have returned home after a five week's sojourn in Hot Springs, Ark., where they reported they were very much benefited from the baths.

—1930—

Mr. and Mrs. Ernest Kenagy and little daughter Martha Jane, of Tulsa, Okla., are here for a visit with Mr. and Mrs. Lawrence Laupheimer, 1011 West Third street, and other friends in the city.

—1930—

Eldon Danforth is home from Decatur, Ill., where he has been visiting his aunt and grandfather, Mrs. J. J. Klinker, and Judge I. M. Danforth.

—1930—

Present indications point to the greatest race meet at the Missouri State Fair for 1953 of any year in the entire history of the fair. The entries have been coming in much earlier than in former years, and all classes are now well filled with some of the classiest and fastest steppers on any of the tracks in the country today in the long list.

—1915—

A. J. McKee has just closed a deal for the Burk property on East Fourth street and will move in soon. They are having the place newly decorated at this time. Ira Melton made the sale.

—1915—

R. M. Fisher, 1215 East Sixth, brought to the Democrat office Friday a specimen of Kentucky Wonder bean that measured 11½ inches and was unusually large and perfect.

—1915—

The YMCA tennis courts, 11th and the MKT tracks are now in fine shape having had much work put upon them the last week. The rains of the past month caused many people who had the tennis fever to lose some of their enthusiasm, but the old timers are playing regularly.

—1915—

St. Martha's Guild will give a Parcel Post party at Parish Hall, Calvary Church, Tuesday evening of this week. The public is cordially invited.

Democrat Pick-Ups

Odds and Ends
By News Staff

"HAPPY BIRTHDAY TO YOU," sang out the members of a women's club and the president gave the sign to the women at the birthday table people to stand up and be noticed.

A woman at another table stood up, too, and remained standing during the singing of the song.

Some of the members wondered why she wasn't sitting at the birthday table if it was her birthday month—but a close friend at the table where she was wondered why the woman stood up.

"What are you standing for, this isn't your birthday month," she asked in whispered tones. The woman sat down—but the others did, too, because the song was over. Why she stood up she didn't know—she was just so carried away with the meeting that when the others stood up she did, too.

Drew Pearson Says—

Will Soviet Invert Sweetness-Light Policy?

GENEVA — The most important question on everyone's mind in Geneva is whether the new sweetness and light exuded by the Russians is here to stay and what is behind it. Will it be reversed in a day, a week or a year?

Secretary Dulles has told senators it's because Russia is now weak. President Eisenhower has said that, on the contrary, Russia is strong. Frankly, nobody knows the answer. Yet the answer is all-important if any agreements made at Geneva are to be worth the ink they're signed with.

European diplomats of long experience with whom I have talked come nearest to giving an answer. Namely, that while Russia is strong militarily, she is weak politically and economically; also, finally has discovered she may have a treacherous friend in the form of Red China.

It's long been known that the Kremlin wasn't happy about the boisterous boys who have been running Communist China. But on top of this, party leader Khrushchev made a trip to China last fall, where the Red Chinese made some economic demands which Russia couldn't possibly fill, and also made Khrushchev realize that the day might come when China's 600,000,000 people might turn against Russia's 200,000,000. At such a time Russia will need friends.

Russia's Weaknesses

Khrushchev also found that Russia was in no position to risk a war or stand up in any tough way against the west, despite its amazing progress in planes and guided missiles.

European diplomats have made a careful study of Russian weaknesses, and perhaps the best answer to the Kremlin's diplomatic strength or lack of it is to look at the results of that study.

Amazing Frankness — Here is part of it, taken from the amazingly frank statements of Soviet leaders themselves . . . "Some party leaders have acquired the habit of talking only about successes. They avoid discussions of the shortcomings and difficulties," opined the blunt new boss of Soviet Russia, Nikita Khrushchev, in a three-hour harangue before the Communist party's central committee on Jan. 25, 1955. "It is necessary," he continued, "to cut down the impermissibly great losses of grain during the harvest. It is completely intolerable that delays in harvesting on many collective farms have resulted in losses of up to a quarter of the standing crop — and sometimes more."

"Many officials go no further than making speeches and drafting resolutions on fodder and do not organize a resolute struggle to increase the fodder production," continued Communist Secretary Khrushchev.

Cows Must Have Udders — "What is the situation in regard to the construction of silos and silage pits?" he asked the assembled Communist claque. "Very bad," he answered his own question. . . . "There have been cases of the machine and tractor station mowing the grass on collective farms, reporting fulfillment of the haying plan with MTS workers even receiving bonuses for this, while the hay on the collective farms remained ungathered because it was not raked or stacked." . . . "If your name is a cow," proclaimed the baldheaded Khrushchev, quoting the poet Mayakovsky, "you must give milk and have an udder. If you have neither milk nor an udder, to the devil with your name." And Khrushchev went on to quote figures showing

Guest Editorial—

COBB COUNTY TIMES (Marietta, Georgia): Please, Watch Your Dog! Cobb County has a large dog population because Cobb Countians as a rule love dogs. Owing a dog carries with it certain obligations. Among them is seeing to it that the pet you enjoy isn't an annoyance to your neighbors.

Lately, with the warm weather and moonlit nights, Cobb County canines have taken to holding midnight confabs. This might be all right if the meetings weren't apt to be held under a neighbor's open window. People just can't appreciate those early morning rendezvous.

Dog-owners should see to it that their pets are confined at night. Letting them roam at will through neighbors' yards, engaging in howling contests and dogfights, is a good way to end up without a pet. If you love your dog, keep him home. He may be a lovable fellow to you but a sleep-jarring monster to someone else.

that the Soviet cow population had dropped half a million between 1928 and 1952, while the beef cattle had been reduced by 2,200,000. . . . He did not mention, of course, the reason why — namely, that Russian peasants, called upon to sell their livestock to the state, butchered and ate it instead.

Housing and Plumbing — Soviet leaders have been equally frank about other difficulties. "Officials of the building industry," said the same baldheaded blunt-speaking Khrushchev, "have no reason to give themselves airs. They should learn something from our friends in Czechoslovakia. Certain comrades learn little from others, and what is most important, they don't want to learn." . . . "I visited a new hotel at Sverdlovsk. The bathrooms had been very badly built and the standard of decorative work was not high. Pipes in the sanitation unit were covered with rust. The joints between the pipes had been very badly made and I, as a former steamfitter, was extremely indignant." . . . "The machine-building industry felt short of its quotas on sewing machines, watches, bicycles and metal bedsteads," wrote Pravda, Feb. 26, 1954. "The food ministry failed to provide the required amounts of fish, meat, butter, macaroni and potatoes. . . . An end must be put to bureaucratic methods in management of enterprises."

Black Marketing — Soviet unrest results partly from shortages in consumer goods. They are so scarce they are sold on the black market. . . . "To check illegal trade practices and black marketeering in consumer goods," wrote Pravda, Jan. 28, 1955, "the Georgian Communist party has discharged the chiefs of the bread and grocery chains in the Georgian Soviet republic." . . . Among the items listed as sold on the black market are shoes, sweaters, furniture, spirits, radios, cars, cloth, farm products, coats, enamelware, furs and movie-theatre tickets.

Khrushchev's Big Risk — It was to relieve food shortages that party leader Khrushchev launched his big collective farm program. Sending thousands of tractors to Central Russia, plus office workers and city slickers who knew little about farming. Khrushchev decided to get food production — or else. . . . To some extent he succeeded. But what he couldn't control was the weather and the natural desire of every farmer whether in Iowa or Kazbekistan to work for himself.

On the other hand, the U. S. military warn that Russia has neglected her consumer foods in order to push her military might and that her military might makes her the strongest nation in the world today.

The Enigma of Geneva

Geneva is again the seat of a community of the world's leading representatives. There is much deliberation as to what good will come out of Geneva.

The reversed attitude of the Russians during the United Nations' anniversary meeting, when Mr. Molotov and his staff seemed exceptionally agreeable and quite cooperative, and the fact that the Soviet government agreed to a Big Four meeting at all, suggests hope. Mr. Dulles' recent emphasis on the weakness of the Soviets seems to have angered them so that they may have a new chip on their shoulders. President Eisenhower later softened this statement at a press conference.

It is felt by some that the United States leaders know what they do not want, but that they are not sure what they do want. Both President Eisenhower and Secretary Dulles are believed to be suspicious of any Soviet proposals on disarmament, but they have not yet established a detailed United States policy on disarmament.

Thought for Today

Be ye therefore followers of God, as dear children.—Ephesians 5:1.

The whole of Christianity is comprised in three things—to believe, to love, and to obey Jesus. These are things, however, which we must be learning all our life.—Christian Scriver.

The World Today—

Big Three Lack Detailed Plan for Geneva

By James Marlow
Associated Press News Analyst

WASHINGTON (AP)—It is almost incredible that the three big Western Allies — the United States, Britain, France—would not have worked out in agreed detail exactly what they should propose to the Russians at Geneva.

But, it seems, they didn't.

They had since May 10 to get ready for their opening session with the Russians yesterday. It was on May 10 they invited the Russians to a meeting. Now, after the first day, the Americans are openly surprised and unhappy over what French Prime Minister Faure suggested.

The Americans made it plain they had not agreed ahead of time on what Faure said and that they were afraid the Russians might seize on his proposals, or some of them, to the disadvantage of the West.

They guessed right. Russian Prime Minister Bulganin, the last speaker of the day, altered his prepared statement to comment on what Faure had said.

President Eisenhower, Britain's Prime Minister Eden and Faure arrived in Geneva Saturday and lunched together Sunday. They outlined their opening speeches to one another in a general way—but not in detail.

Even so the three Western foreign ministers and staffs had since early May to work out and agree on precisely what Eisenhower, Eden and Faure would say to express Allied policy.

Apparently precise spadework wasn't done or else Faure came up with his own ideas at the last minute. One French source at Geneva attributed what Faure said to a dash of daring in his makeup.

If it was not just daring but spur-of-the-moment thinking by the Frenchman, then in one of the most important conferences in recent world history Faure seems to be depending on inspiration or

intuition instead of careful preparation.

Among other things Faure suggested a disarmament program in which the United States, Britain, France and Russia would be able to keep a clamp on arms through controls on how much they spend on arms.

Since the American, British and French budgets are submitted openly to democratic parliaments for public debate, and the Russians can do as they please about making public or keeping secret the money they spend on arms, this hardly appears to be a fool-proof system.

That the Russians seized on it was clear from Bulganin's insertion of this sentence in his statement:

"We are of the opinion that these considerations (Faure's proposals) are of interest and worthy of careful examination."

Dr. Jordan Says—

Phlebitis Is Inflammation Of The Lining of a Vein

By Edwin P. Jordan, M. D.

The condition known as phlebitis or thrombophlebitis is exceedingly troublesome for thousands, and many readers, including G. R., have asked for a discussion of this condition and the best procedure to follow in order to keep it under control.

I might say that this is troublesome to physicians as well as to patients, although considerable progress in prevention and developing methods of treatment have occurred in the past few years.

Phlebitis means inflammation of the lining of a vein; thrombophlebitis or phlebothrombosis is used if clots are present inside the veins at the same time. Thrombophlebitis is probably as common as simple phlebitis.

Either disorder certainly causes a lot of misery. Both can result from varicose veins, from injury, from too much bed rest (particularly in the presence of chronic disease), from certain blood diseases, and from a number of other things. Not infrequently a definite cause cannot be found at all.

Phlebitis or thrombophlebitis should not be neglected, particularly because of the hazard of a clot breaking off and going to the lungs, causing what is known as a pulmonary embolism.

When either condition is acute treatment includes absolute rest in bed, raising of the leg (if it is the leg which is involved) and application of heat. After the acute inflammation has subsided the most important problem of treatment is to prevent swelling. Elastic bandages are helpful in this kind of thing, but they must be properly applied.

Phlebitis and thrombophlebitis are hard to cure entirely and show an unpleasant tendency to return. When this happens it may be necessary to remove the inflamed vein or veins by surgery if it or they are near the surface.

A thorough search for causes of infection is usually made including examination of the teeth and tonsils. Treatments with small doses of X-rays and the use of one of the sulfonamide drugs or antibiotics may be helpful. Some new drugs have also received favorable reports.

There is increased emphasis today on trying to prevent phlebitis or thrombophlebitis.

This involves a multiple line of attack, but has to be entirely under the direction of a physician responsible for the patient because the methods vary so much, and one must take into account other things besides the danger of developing these conditions.

Early rising or mild exercise soon after an operation helps to prevent the blood in the veins from having a chance to stagnate. This does not appear to reduce the frequency of thrombophlebitis, but has cut down on pulmonary embolism. Drugs are also used sometimes to lessen the speed of blood clotting.

The cape buffaloes of Africa are noted for their even disposition—always angry—says the National Geographic Society.

Ninety per cent of New England's corporate communities are governed by town meetings.

Missionaires Show Pictures Around Area

By Miss Emma Lee Kurtz

BUNCETON—Mr. and Mrs. Kenneth Oglesby and daughter spent part of last week with the Charles Dillthey family. The Oglesbys are missionaries and have been showing pictures in Sedalia and Warrensburg.

Mr. and Mrs. Joe A. Connaway, Kansas City, were weekend guests of her mother, Mrs. W. G. Cook.

Mr. and Mrs. Robert Devine, who have been visiting his parents, Mr. and Mrs. E. J. Devine, Belleville, Ill., arrived Thursday to visit her mother, Mrs. May Tummy. Mr. Devine returned to Illinois Sunday and Mrs. Devine remained for a longer visit.

Mrs. Tommie Thomson and family left Tuesday for their home in Houston Tex., after visiting her sister, Mr. and Mrs. Charles Dillthey.

Dr. C. B. Shroat, retired physician, underwent a major operation at Veteran's Hospital, Kansas City, and is in a critical condition.

Miss Beulah Dillthey, Wyo., is spending part of the summer with her brother, Mr. and Mrs. Charles Dillthey.

Mr. and Mrs. Paul Baker, Bill and Linda and Miss Jeanne Demler, Dayton, O., were recent guests of Mr. and Mrs. Leonard Gerhardt and family.

Mr. and Mrs. J. F. Blythe, Dallas City, Ill. were recent guests of her parents, Mr. and Mrs. Carl Hein and Howard.

Mrs. Charles Dillthey and Charlene and Alice Odneal spent Thursday evening in Chateau Springs.

Mr. and Mrs. John Gerhardt and Barbara had as recent supper guests Mr. and Mrs. Fred Demmel and daughter, Mr. and Mrs. George Staral and family, Dayton, O., Mr. and Mrs. William Gerhardt, Mr. and Mrs. Leonard Gerhardt and family, Mr. and Mrs. Robert Brandes and family and N. D. Wolfrum.

Mrs. Lou McCoy is improving from a recent illness. Her daughter-in-law, Mrs. Willard McCoy, Kansas City, spent the week in the McCoy home.

H. E. Lewis, Independence, is a guest of Mr. and Mrs. W. N. Betteridge.

Mrs. Esther Braun spent last week with her sister, Mr. and Mrs. Frank Watson, McLouth, Kan., and attended the wedding of her niece, Miss Ethel Watson and Leland Milroy, at Oskaloosa, Kan. She also visited Mr. and Mrs. Kenneth Watson and Mr. and Mrs. Luther Moore, Kansas City.

Mr. and Mrs. N. B. Patrick, Boonville, and Mr. and Mrs. Roy Edwards, Sr., Prairie Home, were Sunday guests of Mr. and Mrs. Riley Edwards.

Mrs. Louis Hurt spent last week with her husband in Wichita, Kan. They were accompanied home by Warren K. Hunt.

Mr. and Mrs. J. V. Gander and Mr. and Mrs. J. F. Gander and daughter of Boonville, visited Sunday afternoon with Mr. and Mrs. Luther Garnett and family, California.

Mr. and Mrs. Henry Stephens and son, Blue Springs spent last weekend with her parents, Mr. and Mrs. Truman Nelson.

Mr. and Mrs. Francis Richardson and daughters, St. Joseph, and Mrs. William Ellet were Sunday dinner guests of Mrs. Alene Robien, Boonville.

Mr. and Mrs. Earl Shuster attended the reunion for the Shuster family at Indian Hill Park, Marshall, Sunday.

The WMU met Wednesday afternoon with Mrs. M. J. Richey. Mrs. Robert Case was co-hostess. Mrs. Richey gave the devotional and Mrs. Will Shirley was program leader. Refreshments were served.

Mrs. C. E. Floyd had as weekend guests her daughters, Mr. and Mrs. Quinton Gossett, Edwardsville, Ill., and Miss Jo Floyd.

Mr. and Mrs. Porter Wilson, Miss Lucile Lewis, Mrs. Mary Tummy and Mr. and Mrs. Farris Floyd attended the wedding of their nephew Don Wilson, and JoAnne Winn at the bride's home Sunday. Mr. Floyd served as best man.

Miss Norma Putnam, St. Louis,

STOWAWAY BACK HOME—William Davis, 12, met by suburban Berkeley police chief James H. Webber at the airport in St. Louis on his arrival back home from Los Angeles. The boy had slipped aboard an airline in St. Louis for the unscheduled trip. (AP Wirephoto)

spent last weekend with Mr. and Mrs. Tom Putnam.

Mrs. D. H. Sims, Mrs. Betty L. Pitts and Joy Dell and Danny Jackson, Franklin, were Saturday guests of Mr. and Mrs. R. B. Mize.

Mr. and Mrs. Charles Roehrs, Mr. and Mrs. John Roehrs and Mr. and Mrs. Norman Stephens were guests at a picnic Sunday at the home of Mrs. Douglas Flenn, Otterville. Mr. and Mrs. W. F. Fancier and Jan and Mrs. Glen Langkop and Phyllis returned home from a visit with relatives in Miami, Okla.

Recent guests of Mr. and Mrs. Leonard Schmidt and family were Mr. and Mrs. Claude Robinson and Phil, Parsons, Kan., and Mrs. Tom Bryan, Prairie Lick.

Miss Doris Frieling, Columbia, spent the weekend with her parents Mr. and Mrs. Henry Frieling and Brenda.

Miss Jeanette Salzman and Philip Miller, Boonville, Mrs. Fred Salzman and granddaughters were Sunday guests of Mrs. Herman Salzman and family.

Mr. and Mrs. Charles Smith and Teena returned to Littlefield, Tex., last week after visiting her parents, Mr. and Mrs. Roy Blank.

The Federated Church had a picnic at Liberty Park Sunday.

William Spangler suffered a stroke Sunday at his home and is reported to be in a serious condition.

Weekend guests in the R. M. Hutchison home were Mr. and Mrs. Robert Hutchison and family, St. Charles, Mr. and Mrs. Roger Massey and sons and Miss Lucille Hutchison, Kansas City, and Miss Gladys Stephens were additional Sunday guests.

Mr. and Mrs. Kenneth Richey are spending two weeks in Tucson, Ariz., with relatives.

Ronnie and Pamela Richey are spending two weeks with their grandparents, Mr. and Mrs. Marsh Richey while their parents are vacationing in Arizona.

Joe Tuckley returned home Saturday after spending several weeks with his brother, Mr. and Mrs. Edgar Tuckley and family, Springfield. He was accompanied home by his brother and family who visited Mr. and Mrs. Hillard Tuckley.

Mrs. Ollie Mines Sedalia, returned home Friday after visiting the Hillard Tuckleys.

The Intermediate Class of the Baptist Church enjoyed an outing at Chateau Sunday.

Mr. and Mrs. Robert Case and family had as dinner guests Friday Mrs. Emma Case and son, and Miss Frances Case, Boonville, Mr. and Mrs. Richard Hartman and son, New Jersey.

Willard McCoy, Kansas City, joined his wife and son at the home of his parents, Mr. and Mrs. Lou McCoy, Friday. Mrs. McCoy remained for another week. Mrs. Lou McCoy is improving.

Mr. and Mrs. Hubert Shroat and son had as guests last week, Mr. and Mrs. W. J. Gilbreath, Dallas, Tex.

Mr. and Mrs. J. V. Gander and Mrs. Frank Harris spent Sunday with Mr. and Mrs. Walter Harris and family, Turney. They were accompanied home by Margaret Harris, Tuesday the Ganders visited her sister, Mr. and Mrs. John Creson, Fayette. Other guests were Mr. and Mrs. J. E. Hunter of Oklahoma. The Hunters are moving to New Franklin where Mr. Hunter accepted the pastorate of Mt. Gilead Church.

Osteopath Says Smog Causes Bad Effects Among Older People

LOS ANGELES (AP) — An osteopathic physician says that 20 years' studies have led him to believe that smog contributes to diseases of old age.

Dr. Alexander Levitt, of Brooklyn, told reporters at the meeting of the American Osteopathic Assn. here yesterday that heavy atmospheric pollution over many U.S. cities has brought about a deficiency in airborne iodine.

He said that lack of iodine has caused a mass attack of chronic fatigue in the national population. He said it causes hypothyroidism—a condition which also brings early gray hair, obesity, visual difficulties and sterility.

Flat Creek 4-H'ers Have Recent Meeting

Jim Perry was guest speaker at the July meeting of Flat Creek 4-H Club. He talked on the responsibilities of club members, leaders and parents in connection to the 4-H Club.

A demonstration was given on cleaning the air filter of a tractor and Robert Portoroff talked on "Quality of Eggs".

The next meeting will be Aug. 5th at Anderson School.

Report Fire In Mine

BERLIN (AP)—The East German news agency ADN reported today that 24 miners were killed and 96 injured when fire raged through a uranium pit near Aue, East Germany, 11 miles north of the Czech border. It did not say when the fire happened.

Speaks To Rotary— Nurse Tells of Experiences As Belgian Congo Worker

Miss Dorothy Orcutt, R. N., on the staff of the Bothwell Hospital, was the speaker Monday noon at the Rotary meeting at Bothwell Hotel. Miss Orcutt gave an interesting talk on her three years as a missionary nurse in the Belgian Congo, Africa.

Urundi "A", a small mandate territory of the Belgian Congo, lying in the very heart of Africa, is a land of contrasts, Miss Orcutt said. For in it one can see people thronging the roads and paths carrying heavy loads on their heads. On the same roads are big five-ton trucks hauling tons of merchandise. Too, she added, can be seen those who live in grass huts while in the city are imposing two and three-story buildings of concrete. It is a land of beauty with its mountains, lakes and other beauties of nature, but there is the ugliness of a people living in filth, disease, ignorance and superstition.

The Belgian government, Miss Orcutt said, is doing much to raise the standard of living for these people by providing doctors, hospitals and agriculturalists to teach them crop rotation and soil conservation. Missionaries to open churches, schools and hospitals are welcomed by the government to this area, she told the group, so perhaps in the future Africa will no longer be considered the "Dark Continent."

Miss Orcutt, who was introduced by Kirk P. McCrary, program chairman, also showed pictures taken in the Belgian Congo, which she explained as each picture was thrown on the screen.

The meeting was presided over by D. W. Heckart, president, with invocation by the Rev. D. Warren Neal.

Miss Lillian Fox was at the piano for the pep singing.

Aubrey Owen, manager of Rotary's Little League team, Charles Patterson and Jud Grayston, coaches and members of the team were guests of various members at the luncheon and were introduced. Members of the team are: Nick Nichols, Aubrey Zey, Tim Morgan, Tom Morgan, Larry Chastine, Mike Dawson, Charles L. Patterson, Mike Napier, Joe Foster, Rollie Zey, James Jonson, Larry Balke and Clayton Morris.

Visitors introduced by James Denny were Jim Marrow, Chicago, and Fields Baldwin, Kansas City, guests of Keith Yount and Jim Callis, Boonville, guest of Bill Hopkins.

The following enjoyed other clubs the past week: Fred Cmic, at Centralia; Charles Hofheins, Lexington; Bob Johnson and Porter Robb, Marshall; W. O. Stanley, Independence and O. W. Wiley, Clinton.

Doris Duke Files Suit Against 'Confidential' For 'Ugly' Article

SANTA MONICA, Calif. (AP) — A three-million-dollar libel suit has been instituted against Confidential magazine by tobacco fortune heiress Doris Duke.

The suit was filed yesterday in Superior Court by her attorney Jerry Giesler. Her complaint said the magazine, published in New York, made an "ugly, unfounded and scurrilous attack" on her.

Miss Duke was represented as uninterested in collecting monetary damages. Giesler said that "any amounts recovered will be given to worthy charities." He said she had two primary interests in filing the suit: to defend her name against "ugly, unfounded and scurrilous attacks made upon her, and to discourage this magazine and others of its ilk from making similar unfounded attacks on innocent people."

Named as defendants, along with the magazine, were Robert Harrison, publisher; Howard Rushmore, editor; Grant Peters, purported authors; and others.

Leroy Young Gets 20 Pin--

Local Archers Place High In State Archery Tournament

Fifty-seven Bowmen Shoot Here Sunday

Fifty-seven archers took part Sunday in a State Invitational tournament held at the local Osage Bowmen Archery range southeast of Sedalia.

The group participated in the first round which was field round. A shower interrupted the proceedings only temporarily as the archers continued to shoot during the downpour. In the afternoon the contestants were regrouped and continued the tournament with the broad head round.

After the scores were tallied the various trophies and medals were presented to the winners in the different divisions.

Norman Wilson, Springfield, took first in the men's expert division with 119 hits for 729 points. Second place went to Owen Jeffery, St. Charles, who is present state champion, with 123 hits for 706 points. Third Place, went to Leroy Young, 1316 East Ninth, with 113 hits for 694 points.

First place in the bowman division went to C. F. Carrel, Fayette, with 98 hits for 611 points. Second place went to Jack Wilson, Springfield, with 94 hits for 611 points. Third place in this division went to Paul Jefferies, Moberly, with 106 hits for a score of 610.

Herbert Funk, Calhoun, took first place in the Archer's division, with 56 hits for 311 points. Second place went to Jim Bilbrink, Calhoun, with 66 hits for 307 points. Third place went to Dr. John Lamy, 509 West Broadway, with 65 hits for 305 points.

Only one place was awarded for each of the three women's divisions.

Mrs. Anita Young, 1316 East Ninth, with 100 hits for 491 points, took first place in the expert division.

First place in the bowman division went to Mrs. Edna Williams, 705 East 11th, with 95 hits for 157 points. First place in the archery division went to Flossie Pirtle, 905 East 11th, with 22 hits for 112 points.

The Junior class, which is for youngsters 12 through 16 years was taken by Shelby Pirtle, 16, with 88 hits for 431 points. Second place went to Claude Butcher, Wilson Trailer Courts, with 52 hits for 339 points.

First place in the Cadet division went to Frankie Emerson, 10, Clinton, who shot 98 hits for 360 points. Tommy Wekenberg took second with 52 hits for 339 points. Each archery club which has its range approved for tournament shooting by the National Archery Association has to be registered for a 20 pin, which is a pin given to archers who shoot a score of 20 on one target which is four bull's eyes.

Only one 20 pin was qualified Sunday. That one was taken by Leroy Young, who shot four bull's eyes in the field round on a 35 yard target. The four shots at the target were all from different positions.

All of the participants in the tournament expressed their satisfaction with the progress of the event and said they had had a full and enjoyable day of archery.

Many visitors from Sedalia, who attended the tournament as spectators, also expressed their admiration for the skill of the archers and decided they had found a new sport to follow on the Sedalia sport scene.

The tournament was one of the largest to be held in the state before the state tournament which will be held over the Labor Day weekend at Joplin.

Cities in Missouri who were represented in the tournament were: Moberly, Clinton, Calhoun, Jefferson City, St. Charles, Kansas City, St. Louis, Marshall, Eldon, Lake Ozark, Fayette, Springfield, Huntsville, Warrensburg, Sedalia and the Sedalia Air Force Base.

Most of the members of the local Osage Bowmen club plan to attend the state tournament and hope to keep their club well up in the list of winners.

A meeting of the Osage Bowmen has been called for 7:30 p.m. Tuesday at the Chamber of Commerce office.

Newspaper's Reward

GRAND RAPIDS, Mich. (AP)—A fishing tackle outfit and other sports gear was a newspaperboy's reward for returning a lost wallet containing \$207 cash and \$55.47 in promissory notes. The boy is Joseph Borrello, 13, of Grand Rapids. The man, Robert Erath, a South Bend, Ind., sporting goods store owner, lost the wallet when he changed places with a driving companion on a fishing trip to Michigan.

U.S. Swim Trio Thrills Europeans
ATHENS (AP)—Three U.S. amateur swimmers have enthralled Greek fans with their display of technique. They are John Clover of New York, Bert Mullen of South Carolina and Maureen Murphy of Oregon. They won every event in which they took part. The trio is on an exhibition tour which included Finland, Turkey and Egypt. During their stay here they helped the Greek national swimming team with training, demonstrations and lectures.

The Kansas City Athletics have two brother combinations. They are Bobby and Wilmer Shantz and Cloyd and Cletus Boyer.

Chollie Grimm Still Ponders Senior Flag

NEW YORK (AP)—Charlie Grimm sounded like a man whistling his way past a graveyard as he talked about the pennant chances of his second-place Milwaukee Braves.

"We haven't given up," he said after last night's 6-5 loss to the New York Giants. "We think we still have a chance to catch the Dodgers. We realize it's a longshot and we've got to have help from the other clubs. But we think it can be done."

Winners of nine of their last 13 games, the Braves think they're on the move.

"We have almost half the season left in which to go places," Grimm pointed out. "If we keep getting our recent combination of runmaking and steady pitching, we still can throw a scare into Brooklyn. But the other teams will have to take a few falls out of the Dodgers too. We can't do it all alone."

Grimm's show of optimism stems from the fine pitching performances turned in recently by his Big Four of Gene Conley, Lew Burdette, Bob Buhl and Henry Nichols plus the hitting of Chet Aaron, Johnny Logan, Eddie Mathews and Del Crandall.

"With Buhl and Nichols coming the way they have been during the past few weeks," Grimm said, "we're set in the pitching department as we've never been before this year."

The shifting of Aaron from right field to second base in place of the slumping Danny O'Connell has also proved a tonic to the team.

Athletics' Defeat Makes the Seventh By Cellar Teams

KANSAS CITY (AP)—Manager Lou Boudreau of the Kansas City Athletics, who keeps scrap books as a hobby, isn't finding much worth keeping these days in the way of press clippings on his club.

Plagued by poor pitching, the Athletics now have lost seven straight, including three to last-place Baltimore and three to the seventh-place Washington Senators.

The latest defeat was administered, yesterday by Washington, 6-3.

Kansas City out-hit the Senators 10-6 but the A's hit into five double plays, making it an especially painful experience for the 4,819 faithful on hand for the contest here.

Three of the Washington hits were home runs, two by Roy Sievers and one by Eddie Yost. Cloyd Boyer was charged with the loss, his second against five victories.

The Boston Red Sox come to Kansas City for a game tonight.

The St. Louis Cardinals, idle yesterday, take on the Giants in a two-night doubleheader in New York.

Three Caddies Die When Lightning Hits

OWENSBORO, Ky. (AP)—Three of four caddies perched in a tree to escape rain were killed by lightning yesterday.

The fourth, acting on impulse, jumped as the bolt struck and escaped injury. All were attending a watermelon party for caddies at Owensboro Country Club.

The dead: Jerry Morris, 14, Charles Ray, 12, and Frank Burger, 13. Their companion in the tree was Danny Thompson.

Jack Fleck

Open Champ Is Fretful--

Fleck Is Flocked By Fans; Busy Schedule Hurts Golf

By JOE FALLS
DETROIT (AP)—The golf world is his for the asking, but Jack Fleck, the new U. S. Open champion, may go fishing instead.

The 32-year-old Iowan is finding the life of a champion—especially one who has beaten the mighty Ben Hogan—isn't all it's cracked up to be.

"I'm not sure about my future," Fleck muttered yesterday after firing a practice round in preparation for the PGA tournament starting Wednesday.

"Maybe I'll play in a couple more tournaments, then go fishing. I don't know, I just don't know. I don't want to make any commitments."

Ever since his dramatic playoff victory over Hogan for the prized U. S. title last month, Fleck has been on a dizzy merry-go-round of handshaking, autographing, back-patting and picture-taking.

"It's all great, sure, but it affects your game," he said. "I originally planned to make a tour but now I'm not fit to do it mentally or physically."

Detroit and Brooklyn Lead Batting Honors

NEW YORK (AP)—Detroit and Brooklyn dominate the major league individual batting listings today. The Tigers' Al Kaline leads the American League in hitting with a .368 average, followed by teammate Harvey Kuenn at .325.

Roy Campanella of the Dodgers is the National League pace-setter with .346 with Duke Snider, also of the Dodgers, runner-up at .325.

Nellie Fox of the Chicago White Sox ranks third in the American League with a .323 mark and Cincinnati's Ted Kluszewski, also batting .323 average, is third in the senior circuit.

Big Klu and Snider are waging a duel for National League home run honors with Duke holding a 31 to 30 edge. Snider also is the runs batted in leader with 93.

In the American League Mickey Mantle of the New York Yankees is tops in homers with 21 and Boston's Jackie Jensen has driven in the most runs, 73.

Otterville Saddle Club Has Practice

The Otterville Boots and Saddle Club met Sunday afternoon for practice. Club members planned entries for their participation in the shows at the state fair, Aug. 27-28. Plans were also made for events on July 28 at the Tipton fair on Saddle Club night. They also discussed possible entries for the southeast district show of the Missouri State Saddle Club Association to be held in Versailles July 31.

His fellow pros sympathize with Fleck.

"There's so much pressure on the guy that he's a stranger even to himself," said Horton Smith, former president of the PGA.

"He's dazed by it all," added Chick Harbert, the PGA champion who'll defend his title against Fleck and some 130-odd others. "All the handshakes and publicity never helped. I know it hurts his game. I went through the same thing after winning the PGA last year."

Fleck and Harbert met in a charity exhibition yesterday. Fleck shot a 2-under-par 69, but was noxed out when Harbert fired a birdie on the final hole for a 68.

In the 50-yard walk from the 18th green to the clubhouse Fleck must have been stopped at least a dozen times, asked for his autograph, to pose for a picture, to do this, to do that.

He obliged graciously, like a real champion, but one had the feeling he would have been just as happy if allowed to walk away like the unknown Jack Fleck of two months ago.

He says he feels no pressure. But he speaks through tight lips. Harbert figures it will take Fleck several months to get squared away.

"He's a steady guy and I'm positive he'll do all right after a while," Harbert said.

"Fleck probably won't do much for a couple of months, but then watch him go."

But where will he go—golfing or fishing?

Sugar Wilson Wins, Wants Another Soon

NEW YORK (AP)—Sugar Al Wilson hopes he won't have to wait so long for his next fight.

The Englewood, N. J. welter hadn't been to the post since March 7 until he whipped Irish Pat Lowry of Toledo, Ohio, last night at St. Nicholas Arena.

"That wasn't so bad though," he said in his dressing room, "the last time it was almost a year between fights."

Wilson, 145½ to Lowry's 146, controlled the 10-round match except for the late stages to win an unanimous decision. Referee Leo Miller scored it 8-1-1, Judge Leo Birnbaum 5-4-1 and Judge Tony Rossi 6-4, all for Wilson. The Associated Press card for Wilson also was 6-4.

Teeing Off

This week in golf has only one theme club championship. At both local golf clubs the big talk is of the golf championship. The play-offs for the championship of the Sedalia country club will continue on through August as the first 18 hole rounds run into the 36 hole semi-finals and finals. At Countryview plans are being made for the first playoff for that club's championship which will begin Saturday.

The Countryview Golf course championship played with four classes, A, B, C, and D will start Saturday, July 23 with Jack Wilts as the defender as last year's champion.

The championship will consist of playoffs for the medalist title and for the match title. More will be known of the plans for the tournament as soon as the players wishing to participate have completed registering for the play-off.

Aside from the championship playoffs another event which has captured the imagination of local golfers, the Scotch Foursome, will be held again by request Sunday at the Countryview golf course. The tournament was taken last month by members from Clinton. The foursome has become a regular monthly event at the course.

The first playoff for the championship of the Sedalia Country Club was completed Sunday and during this week the participants move into the second 18 hole series, which will be completed this Sunday. A story on the outcome of the first playoff is related in another story on this page.

Baker's Victory Lets Newspapers Rate Him Second

WEST JORDAN, Utah (AP)—A title shot next winter appeared today as a possible reward for big Bob Baker, of Pittsburgh, after he counterpunched and jabbed his way to a close decision over Utah's rowdy Rex Layne.

Baker, a big Negro, went into the ring with a four-pound weight and a three-inch reach advantage over Layne, who weighed 210. He took it comparatively easy early in the fight, counterpunching the slugging Layne and pounding his midriff in the clinches. But in the later rounds he opened up with left jabs and had Layne bleeding from several cuts as the 10-round ended.

Layne, who has fought most of the nation's top heavyweights, turned in one of the best fights of his career and looked good in defeat.

Managers of both fighters said before the bout a possible title shot next winter had been promised the victor—provided he won in an impressive manner.

Baker is now rated No. 2 contender for heavyweight champion Rocky Marciano's crown—next behind Archie Moore. Layne is No. 9.

Engineers Shut Out DeMolays Monday 3-0

The National Engineers shut out the DeMolays 3-0 in the first tilt of the Industrial League Monday night in a close played contest.

The Engineers did not score until the third inning when they squeezed one run across the plate. They passed up the fourth and then put across two in the fifth for their last runs.

Norfleet the winner gave up only three hits; Redmond the loser gave up only four.

DeMolay 000 000 0-0 3 2
Engineers 001 020 x-3 4 1

The second game was forfeited by the Kilowatts to the Adeo Blues due to a lack of players.

Tonight at Hoesel Park the Moose club will face Hamms' Beer at 7:30 p.m. and at 9 p.m. Deaver's Devils will take the field against the Knights of Columbus.

Tadpole Study

HARTFORD, Conn. (AP)—Why can tadpoles regenerate hind legs which have been amputated? A Trinity College biologist was granted \$6,000 by the National Science Foundation for a three year study of this subject.

Defending Champ Still In--

Eight Golfers Are Left In Championship Flight

After the first 18 holes in the first playoff for the Championship of the Sedalia Country Club Golf Course eight local golfers are still left in two brackets with the defending champion, Charley Patterson and the runner up last year, Herb Studer, included.

The first round was completed by Sunday evening and left the following pairings whose play must be completed on Sunday, July 24:

Top Bracket —
Charley Patterson against Bernard Stanfield and Lloyd Parker against Laddie Keens.

Bottom Bracket —

Herb Studer against Capt. John Herbst and Damon Hieronymus against Lt. Joel Lucke.

The two winners in the top bracket as well as the two winners in the bottom bracket will have to complete play for the bracket winners in the semi-finals by July 31 and the two winners will then be pitted against each other in a 36 hole playoff for the club championship.

The semi-finals will also be a 36 hole affair.

Monday Baseball Roundup--

Wilson Keeps League Awake But Orioles Remain Behind

By ED WILKS
The Associated Press

One pitcher can't solve the problem for last-place Baltimore, but if nothing else, Jim Wilson's keeping the American League race honest. None of the flag contenders has managed to get really fat on the Orioles with the 33-year-old right-hander around.

Wilson, who pitched the lone no-hitter in the majors last season for Milwaukee, tops the Baltimore staff with seven victories. Four of them have been against the top teams in the league—New York, Chicago, Cleveland and Boston—and in none of the four did he give up more than four hits.

The San Diego, Calif., veteran, sold to the Orioles by Milwaukee this spring, came up with a two-hitter yesterday to knock off the White Sox, who had won seven straight, 3-0. Chicago, looking ahead to the first-place battle with New York that opens tonight, didn't get a hit after Gil Coan singled with two out in the third inning.

It was the third shutout of the season for Wilson, who also blanked New York (4-0 on four hits) and Boston (2-0 on four hits). He fanned five yesterday and walked none.

Gus Triandos gave Wilson all the support he needed with a two-run homer in the first off loser Mike Fornieles. The other run came in the eighth on an error and Hal Smith's double.

The defeat left the Sox two games behind the Yankees, who were idle. The only other AL game went to Washington, 6-3, over Kansas City.

In the National, Brooklyn retained a 12½-game lead despite a 9-5 defeat by Cincinnati as second-place Milwaukee lost at New York 6-5. Philadelphia tumbled Chicago to its seventh and eighth straight losses, winning the wrapup of Sunday's suspended game 8-6 and taking a regularly scheduled contest 2-1.

Joe Black, the ex-Dodger, and reliever Art Fowler were effective enough to halt Brooklyn although the crippled Brooks rallied for four runs in the seventh. That cut the Cincinnati lead to 6-5, but Stan Palys and Ted Kluszewski hit back-to-back homers to open a three-run ninth.

The Giants overhauled a 5-4 Milwaukee lead in the seventh when Billy Bruton dropped a deep center field drive by Willie Mays for a two-run error. The Braves had taken the lead in the fifth with four runs. Warren Spahn, victim of the error, suffered his 10th defeat. Don Liddle won in relief.

Glen Gorbous belted a three-run

Righthanders Must-- Beat Yankees, Giving Chisox League Lead

CHICAGO (AP)—The storming Chicago White Sox are brewing a formula of spirit and strategy for their three-game series which begins tonight against the league-leading New York Yankees.

The Sox, whose seven-game winning streak ended yesterday against Baltimore 3-0, will feed the Yankees a diet of right-handed pitchers. That's the strategy.

The spirit comes from their recent winning streak which has carried them into second place, two games behind the New Yorkers.

"We're keyed up," said General Manager Frank Lane, "and I think you'll find we'll give them a battle all the way. I look for us to take at least two out of three if not the whole series."

Lane agrees with Sox Manager Marty Marion's strategy of choosing three right-handers.

"Marty's smart," said Lane. "With right-handers pitching the Yankees will have Eddie Robinson, Irv Noren and Joe Collins in the lineup instead of Elston Howard, Bill Skowron and Hank Bauer."

"Remember, we went into first place against New York last month by beating the Yanks with right-handers on Friday and Saturday only to get beat twice when we followed with left-handers in a Sunday double-header."

The Sox will shoot Connie Johnson (2-0) in tonight's game and follow up with Dick Donovan (12-2) and Virgil Trucks (9-6).

The Yankees will go with Tommy Byrne (7-2) and follow with Bob Turley (11-7). Manager Casey Stengel has not decided on Thursday's pitcher.

Seeded Tennis Entries Sweep West Juniors

CHAMPAIGN, Ill. (AP)—Seeded entries in the Western Junior and Boys tennis championships found no obstacles yesterday as all swept to opening day victories.

Top seeded players in both divisions won easily with Mike Green of Miami Beach, Fla., beating Jim Jarrett of Decatur, Ill., in junior competition, 6-0, 6-1 and Earl Bucholz of St. Louis downing Don Thorne of Hinsdale, Ill., 6-1, 6-3, in the boys division.

Intermittent rains interrupted play of the record field of 150 contestants but the juniors advanced to the third round with the exception of a few matches and boys completed first round matches. Doubles were scheduled today.

With two victories from a semi-pro club and a league victory over Mexico behind their belts the Chief fans may be assured of a great battle tonight and they are urged by the Chief leaders to make the trip to Jefferson City to cheer the Club on to a victory over the strong Bears.

The Monmouth Oaks, set for Monmouth Park on Saturday, Aug. 6, will have an added value of \$50,000. It's for 3-year-old fillies at one mile and an eighth.

Tire Company Buys RKO Movie Co.

NEW YORK (AP)—A new giant rose in the entertainment world today with a tire manufacturer's purchase of RKO Radio Pictures, Inc., for 25 million dollars cash.

By the terms of a contract signed yesterday, General Tire & Rubber Co.'s Thomas F. O'Neill will turn over the money to Howard Hughes next Monday.

It surpasses even the whopping \$23,489,478 personal check Hughes signed only 16 months ago to buy out 3,814,913 shares of RKO stock and become first sole owner of a major studio in moviedom's history.

O'Neill, 40-year-old son of General Tire's founder W. O. O'Neill, is a vice president of the tire company and president of General Teleradio, Inc., a wholly owned entertainment subsidiary.

General Teleradio owns four TV stations and five radio stations out of which controls three important radio networks, the Yankee in New England, Mutual in the East and Midwest and Don Lee on the West Coast.

What is one of the world's five leading tire manufacturers doing in the entertainment business? The answer is diversification.

Not the least of O'Neill's acquisitions in the RKO deal is a library of 400 to 600 old films never seen on TV.

He's an old hand at that. Working, as an associate put it, on the theory that the people will watch TV if they see something good, O'Neill a year and a half ago paid 1 1/2 million dollars for 30 good films languishing in the vaults of the Bank of America because of a forfeited mortgage.

It was considered fantastic at the time. But O'Neill has realized a million dollars worth of advertising income from the films on his New York outlet alone. And he has sold the movies to 90 stations around the country.

Principals in yesterday's RKO deal hailed it as the biggest single financial transaction in the motion picture industry and one of the largest cash sales by an individual in the history of American finance.

General Tire gets RKO's Hollywood studio and a distribution company, studios in New York and facilities in Mexico City, 101 domestic and foreign motion picture exchanges and the facilities of RKO Pathe, Inc., and of RKO Television, Inc.

A jellyfish which is found in arctic and Atlantic waters can grow large enough to have 100-foot tentacles and can kill a man, says the National Geographic Society.

Hal Boyle's Column-- Believes This Country Needs Half a Million Napeterias

NEW YORK (AP)—Curbstone reflections of pavement Plato:

What this country needs is half a million napeterias.

What is a napeteria? Well, actually it hasn't been invented yet. But it is something like a cafeteria and a garage.

In a cafeteria you serve yourself food; in a garage you park your car. But in a napeteria you park your tired old body, take the weight off your feet and mind, and serve yourself some sleep — in other words, it's a place where you can take a nap.

The napeteria is today perhaps civilization's greatest health need. As any doctor knows, half the tired feelings in America would disappear if people got one more hour of sleep every day.

The immediate query arises. 'Well, in that case why don't people get that extra sleep at home?'

And the obvious answer, of course, is that it is impossible. The modern home is a great place to visit, but a poor place to live in — that is, when a man is looking for sleep. Too many other interesting things to do in it — like watching television, throwing parties or listening to the quarrels of neighbors in the apartment next door.

Ever try to take a nap at home? Can't be done. Inside, the phone rings, the vacuum cleaner growls in the rug, the electric dishwasher groans and bubbles, the automatic laundry machine gushes and grinds as it tears apart your soiled shirts. Outside, dogs bark, birds bellow in the trees by your bedroom window, and merry sounds float up from neighborhood children assassinating each other at play.

Besides, the average working man really needs his hour long nap most right in the middle of his work day.

TRULY A GREAT PICTURE!

There is a prejudice in this country against taking a nap after a lunch. It is regarded as sissy and vaguely un-American. But the custom of the siesta, popular in Latin American lands, is an honored and sensible one.

Winston Churchill decided in his youth that the human body was ill-adapted to eight hours of steady attention to a task. All his life he has taken a daily refreshing nap. Thomas Edison, who once said he only slept 4 hours a night, also took regular naps. Both Churchill and Edison managed to live to a ripe old age, and got three times as much work done as the ordinary man.

As employers so far haven't put in office dormitories, the napeteria seems the best solution.

Here's how it works. You waddle into it after a heavy lunch, plunk down your quarter or half buck, and lie down on a slowly moving belt.

The belt carries you along until you come to a rest cubicle containing a bed and a comfortable pillow. You roll off the belt onto the bed and a soundproof door descends. There is a button you can push if you want soft music. You fall into deep dreamless sleep. Exactly an hour later, musical chimes awaken you and a door on the other wide side rises automatically. You roll out of bed into another moving belt that takes you back downstairs. You yawn, get up, throw cold water on your face in a restroom, comb your hair and rush back to the office, eager for an afternoon of hard efficient work.

These napeterias also would be ideal for railroad terminals, air-

'Mamie' Steals Spotlight From Beauty Stars

LONG BEACH, Calif. (AP)—Preliminary judging starts today in the Miss Universe contest, but the international beauty queens all hope the competition won't be as tough as that they got from actress Mamie Van Doren.

Two busloads of the beauties were the guests yesterday of Universal-International Studios. They broke bread and posed for pictures with Lex Barker, George Nader, Rory Calhoun, Tony Curtis, Maureen O'Hara, Pat Crowley, Martha Hyer, Paul Kelly and other U-I stars. They also watched Curtis and Miss Crowley emote in the movie "The Square Jungle," currently in production.

But the cameras started popping hysterically when the curvy Mamie walked in the U-I commissary wearing a golden lame gown. It could best be described as a going-away dress that had mostly departed from Mamie.

Photographers ignored the four-score beauty queens and the rest of the stars to cluster around Mamie. She, of course, posed as if she had invented cheesecake.

Said Mamie: "I knew I was going to be in fast company, so I just dressed for the occasion."

Mostly the beauty queens stood around amazed. Miss France, Claudie Petit, said, via an interpreter:

"That dress she's wearing would even be banned in Paris. How did she ever get into it?"

Tonight the preliminary judging begins in the Miss U.S.A. contest. The number of American entrants will be cut in half or less tonight for the Miss U.S.A. finals tomorrow night.

ports and department stores (Why not take an invigorating nap while your wife shops?).

Of course, a man really hard up for a nap now can always go to a Turkish bath. But if you should meet your boss in a Turkish bath after lunch, what would he think? (Probably the same thing you think about him being there, but somehow what you think isn't as important.)

Why not be the first to open a napeteria in your town? It should be a gold mine.

FBI Traps Embezzler On Tip From Woman Acting On a Hunch

CLEVELAND (AP)—A woman's suspicion provided the tip which last night enabled the FBI to cut short a months-long effort to find a young bank teller accused of embezzling \$93,780 from a Staten Island, N. Y., bank last Sept. 28.

The woman had seen a picture of the teller's wife in a New York newspaper, and last Saturday she thought she saw her bring a pair of men's trousers into a dry cleaning shop in neighboring Lorain County. She was right.

As a result, FBI agents last night arrested John C. Siemer, 24, and his wife Henrietta, 23, in South Amherst (pop. 1,000), 35 miles west of here.

The Siemers were living there under the name of Mr. and Mrs. Charles MacTavish. With them were their three children, aged 4, 2, and 1. They had been there since November, and Siemer was working off and on selling real estate.

Cart Away Station

OKARCHIE, Okla. (AP)—The Rock Island Railroad decided to cut its services here. The old frame railroad station, once a business and social center in the early German settlement, was sliced neatly into three portions. The center and smallest part will stay here for the station agent and telegrapher. The two ends will be hauled away.

Plane Makes Landing Without a Rudder

SPOKANE, Wash. (AP)—The story of a near-tragedy involving a rudderless B36 with 29 men aboard was disclosed by the Air Force yesterday.

The bomber lost a big section of its tail as it headed for Denver last week to fly over dedication ceremonies at the new Air Force Academy. The plane was about 30 miles from Denver at the time, and loss of the 32-foot-high rudder section left the craft without effective controls, the Air Force said.

It made an emergency landing with the help of the aileron controls on its wings and a sister bomber that flew up alongside to accompany it to Ellsworth AFB, S. D., for a safe landing. The lost rudder was found on the ground near Limon, Colo.

Dorothy Kirsten Weds California Doctor

SAN MARINO, Calif. (AP)—Opera soprano Dorothy Kirsten and Dr. John Douglas French, a neurosurgeon at Long Beach Veterans' Hospital, were honeymooning today at an undisclosed destination.

Miss Kirsten, 38, and Dr. French, 44, were married at the San Marino Congregational

Church yesterday. It was his first marriage, her third. She divorced New York radio producer Edward M. Oakes in 1949, and her second husband Dr. Eugene Chapman died last year.

3—In Memoriam

IN MEMORY of our dear daughter, wife, mother, sister, Grovie Beaman Nevils, who passed away one year ago today, 19th of July.

We cannot say, and we will not say, that she is dead, she is just away! With a cheery smile, and a wave of the hand.

She has wandered into an unknown land. And left us dreaming how very fair it needs must be, since she lingers there. And you, Oh you, who the wildest yearning for the old-time step and the glad return.

Think of her faring on, as dear to the love of There, as the love of Here.

Think of her still as the same, I say! She is not dead—she is just away! Sadly missed by Mother, Father, Husband, Daughters and Sisters and Brothers.

Halt Segregation With No Specific Time Limitations

RICHMOND, Va. (AP)—A special federal tribunal did the expected here yesterday and ordered Prince Edward County, Va., to end racial segregation in its public schools. But the court set no specific time limit for compliance with its order and supporters of segregation immediately claimed a "great victory."

Lawyers for the National Assn. for the Advancement of Colored People, who had asked the court to make desegregation effective in September, said the special court granted "the substance" of their requests.

Attorneys Spottswood W. Robinson III and Oliver Hill added: "It is our sincere hope that the

defendants (Prince Edward County) will wisely employ the time this decree affords in constructive efforts to remove racial segregation from the schools... at the earliest practicable date."

Both Virginia Atty. Gen. J. Lindsay Almond Jr. and lawyers for Prince Edward interpreted the directive by the three-judge district court to mean that the county, and Virginia generally, will be able to operate schools on a segregated basis in the 1955-56 session.

Beyond that, nobody would make any predictions. The state has already announced its intention to continue school segregation indefinitely if any legal avenue can be found to escape the antisegregation decree of the U. S. Supreme Court last May 31.

Want Use of Beaches

DAYTONA BEACH, Fla. (AP)—This resort city is setting up an interracial advisory committee to see what can be done about opening the ocean beach to Negroes.

The City Commission named a three-man group last night to select members of the committee which will be made up of an equal number of white and Negro citizens.

The commission acted after 125 Negroes petitioned for a public statement on city policy regarding use of the beach by persons not of the white race.

Hal Boyle's Column—

Nation's Oldest Practicing Physician Keeps Up Fast Clip

By HAL BOYLE

NEW YORK (AP)—Dr. John Hullinger, who is 94 years old, has delivered 3,210 babies—including a second son by his second wife just last May—and worn out 23 automobiles in 63 years of medical practice, is an unusual physician.

For example, he likes to play a cornet.

Dr. Hullinger, who stands a bent 5 feet 9 and weighs a dwindling 150 pounds, has hazel eyes, comes from Clinton, Iowa, and says the American Medical Assn. has designated him as the nation's oldest practicing physician.

He has been a fine ice skater, doesn't take pills himself, hasn't been sick since he was a youth. The doctor, whose prescription for longevity is based on daily exercise and abstinence from bad habits, is married to a former nurse, age 36.

He came here to appear on an NBC-TV show called "Make the Connection." Here is his life story in his own words:

"I was born Dec. 7, 1860. I lived 62 years with my first wife. She died of the rheumatism of old age the 13th of January, 1932. She was three years younger than I. "Before I went into medicine I was a principal of schools. She was a teacher under me. She was a good girl and I married her and kept her.

"I remember the principal battles of the Civil War and the assassination of President Lincoln.

"My father died in operation for gall bladder trouble at 39 years and 6 months, and knowing what we do now I think we could have saved him.

"Mother lived to be 92 years and died of natural causes. What? What did you say? What is a natural cause? I'd say she died of senile arthritis—the rheumatism of old age.

"What really kills most people did you ask? Bad habits. In ever used tobacco, liquor, coffee or tea. Mental bad habits? Well, worry—but I'd rather not go into that.

"How can you stay young? Well, exercise. I have a garden and when I come in from it I have an appetite that can take on a dead cat. Never tried to eat a live cat.

"Sleep? I sleep 6 to 8 hours a

day. Yes, lately I have been taking a nap.

"I started practicing medicine on foot, then I got a bicycle, then a horse and buggy. I wore out two horses, then in 1904 I got a one-lung Cadillac. Since then I wore out 23 cars. I had 13 Maxwells, Chryslers and Plymouths—oh, yes, and a Chevette—and now I drive a Ford.

"I set bones and I've given anesthesia 300 times but I don't do belly operations. That's where the big money is. You can do three in a morning. But I'm a general practitioner.

"Babies? I delivered 13 babies before I was out of medical school. I delivered a baby just last week. I never lost a mother. I have lost a few babies, out of 3,211.

"I'm a firm believer in the Christian religion. I think God has given me this time to do charitable work.

"The most charitable thing I've done is to tell single girls who came and shook money at me and asked for abortions: 'Go ahead and have your child, regardless of money, and I will place the child in a good home.'

"To me abortion is murder. I have placed 68 of these babies at birth in childless homes. All of them are doing fine. People know I feel this way. Right now I have five applications for babies I can't fill.

"I've got \$68,000 on my books that isn't worth the paper it's written on. I treat 3 to 8 patients now a week. Now I don't like to

Your Eyes And Visual Functions

Now is the time to have a careful examination made of the pre-school child's vision. With the expectation of good health, nothing can be as important to the child as the ability to see clearly and efficiently.

The parent should realize that the usual visual acuity tests made on distant charts are not adequate tests for the child who is to attend school. It must be remembered that most of the school work is done within arm's length. Even the ability to see clearly at close range is no guarantee that the child has vision adequate for the job to be done.

School surveys, no matter how carefully conducted, are sometimes misleading in that they do not really analyze the child's ability to see. The parent who truly wishes to do everything possible for the child's welfare will see to it that a careful optometric examination is made at least once each year.

Many readers may be surprised that an annual examination is advised. The reason is seen by every examiner many times in the number of children who show marked changes in their eyes and visual functions within relatively short periods.

Any child who has had measles, scarlet fever or other childhood diseases should have a careful visual examination soon after complete recovery from illness.

Children in the third to sixth grades particularly should be carefully guarded to see if changes are occurring for the worse.

The Missouri Optometric Association takes this means of bringing this important matter to the attention of parents of school children and asks that it be remembered that NOW before school starts is the time to have an examination made.

SEES SEA DAVY—A seagoing Davy Crockett. That's what 7-year-old Bart Howard found at the Maritime Museum in San Francisco, Calif. Young Bart's hero was the figurehead on a clipper ship named for the King of the Wild Frontier.

get up at night for nothing. For an office visit I charge \$1 to \$3, depending on whether they can

afford it, and I give them the medicine.

"I'd say if you really want to stay healthy you should exercise regularly, trust in God, wear out your pants in the knees instead of the seat—and make people pay you in cash.

"What am I afraid of? Maybe hellfire. Retire? When I am in a box six feet underground and can't hear anyone asking for help.

"I admire nature and the heavenly bodies. Only a Supreme Being could have created this world."

Incidentally, Dr. Tullinger, who never took a music lesson—"I dug it out myself. It came slow and hard, but when it came I had it"—has directed a local brass band for 63 years.

He can still lip 31 pieces from memory on the cornet he bought second hand 80 years ago for \$30.

"I figure it's worth \$100 now," said the doctor who, at 94, also changes the diaper on his 2-month-old son—and hasn't yet felt the need of taking vitamin pills.

Egypt has an area equal to that of Texas and New Mexico combined, of which only about 3 per cent is cultivated.
